THE GENETICS AND BIOLOGY OF DROSOPHILA

VOLUME 3B

edited by M. Ashburner, H.L. Carson
and J.N. Thompson Jr.

August 1982, xviii + 428pp., 0.12.064946.2
\$88.50 / £47.80 (UK only)

With no other comparable competitor this volume continues this classic reference work for all geneticists and drosophilists. Volume 3 moves on from the general biology and development covered in the first two volumes, and deals with the taxonomy, ecology, evolution and population genetics of *Drosophilidae*. Volume 3b focuses on the evolution and speciation of six selected species groups and also covers ecology and breeding of *Drosophila*.

GENOME EVOLUTION

edited by G.A. Dover and R.B. Flavell

March 1982, xvi + 382pp.,
Hardback: \$ 33.50 / £18.00 (UK only)
0.12.221380.7
Paperback: \$ 17.50 / £9.40 (UK only)
0.12.221382.3

The book focuses on recent developments in the molecular analysis of eukaryote genomes and chromosomes that are leading to a new understanding of the types, rates and effects of large and small mutational changes during evolution. It includes accounts of species variation in the organisation of many types of multiple-copy sequences including families of immunoglobulin, globin and actin genes. The evolutionary dynamics and biological implications of such changes are discussed in many contributions.

Copying

This journal is registered with the Copyright Clearance Center, 21 Congress St., Salem, Mass. 01970. Organizations in the U.S.A. who are also registered with C.C.C. may therefore copy material (beyond the limits permitted by sections 107 and 108 of U.S. copyright law) subject to payment to C.C.C. of the per-copy fee of \$05.00. This consent does not extend to multiple copying for promotional or commercial purposes. Code 0016-6723/83/2828-0001 \$05.00.

ISI Tear Service, 3501 Market Street, Philadelphia, Pennsylvania 19104, U.S.A., is authorized to supply single copies of separate articles for private use only.

For all other use, permission should be sought from the Cambridge or New York offices of the Cambridge University Press.

GENETICAL RESEARCH (ISSN 0016-6723) is published once every two months.

Single parts £13.00 net (in U.S.A. and Canada US \$33.50), plus postage. Three parts form a volume. The subscription price of volumes 41 and 42, 1983 (which includes postage) is £31.50 net per volume (in U.S.A. and Canada US \$79.75).

Copies of the journal for subscribers in the U.S.A. and Canada are sent by air to New York to arrive with minimum delay. Second class postage at New York, N.Y., and at additional mailing offices.

Orders, which must be accompanied by payment, should be sent to a bookseller or to the publishers, Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 2RU and, in the U.S.A. and Canada, 32 East 57th Street, New York, N.Y. 10022. POSTMASTER: send address changes in U.S.A. and Canada to Cambridge University Press, 32 East 57th Street, New York, N.Y. 10022.

Claims for missing issues can only be considered if made immediately after receipt of the subsequent issue.
