Mental or Physical Fatigue

A PARTIALLY PRE-DIGESTED MILK AND WHEATEN FOOD.

When brain or body is weary the digestive powers are weakened and distaste for ordinary food is often experienced. Under such circumstances the "ALLENBURYS" DIET is especially valuable. It is pleasant to take, easily digested and assimilated, and speedily restorative. Thus it helps the system to recover tone and vigour.

By the use of the "ALLENBURYS" DIET all trouble of peptonising milk and farinaceous foods is overcome. In the sick room it will be found extremely useful as the food is easily digested and assimilated, is quickly made, and only the exact quantity required need be prepared at a time.

The "ALLENBURYS" DIET is made from pure, rich milk and whole wheat, both ingredients being partially pre-digested during manufacture. It can be taken by those who cannot digest cow's milk, and provides a light and very nourishing diet for Invalids, Dyspeptics and the Aged.

For travellers by sea or land this complete food will be found exceedingly valuable.

Made in a minute. Add boiling water only.

A Sample with full particulars sent free on request.
