FIRST INTERNATIONAL OTO-RHINO-LARYNGOLOGICAL CONGRESS,
COPENHAGEN, 29th July to 1st August 1928.

The following announcement has been issued by the Committee of Organisation : English, French, and German will be the official languages of the Congress.

An exhibition of instruments and of pathological-anatomical specimens pertaining to the specialty will be held in connection with the Congress. The shipping address for the transmission of these will be furnished later.

The Committee hopes that intimation of attendance at the Congress will be sent before 1st May 1928.

Those who are desirous of contributing to the scientific proceedings must send the title of their papers at their earliest convenience, and a brief summary of the paper should reach the Secretary before 1st May. The time limit for the reading of papers is twenty minutes.

Each member of Congress who enters his name before 1st May 1928 will receive a copy of the Reports.

The subscription to the Congress, including a copy of the Reports and Transactions, is thirty Danish crowns, payable to the Treasurer, Dr Jørgen Møller, Lykkesholms, Alle 8, Copenhagen, V.

When intimating their intention of attending the Congress, members are requested to state whether they will be accompanied by members of their family. The Secretary-General is Dr N. RH. Blegvad, 3 Nystorv, Copenhagen, K.

A British Committee has been formed with Sir James Dundas-Grant as President, Sir St Clair Thomson as Chairman, and Messrs Lionel Colledge, J. S. Fraser, and F. W. Watkyn-Thomas as Hon. Secretaries.

Mr Sydney Scott is acting as Treasurer. Subscriptions of five shillings should be sent to him at 130 Harley Street, London, W. 1. In return for their subscription, members who join the British Committee will be kept informed of the arrangements, including particulars of the journey to Copenhagen and hotel accommodation in the city.

General Notes

THE SEMON LECTURE, UNIVERSITY OF LONDON, 1927.

On the afternoon of Thursday, 3rd November, Mr Lionel Colledge, F.R.C.S., delivered the Semon Lecture at the Royal Society of Medicine. Mr Harold S. Barwell, F.R.C.S., President of the Section of Laryngology, occupied the chair, presiding over a large and appreciative audience.

The lecture, which was profusely illustrated, dealt with the subject of Laryngectomy for cancer of the larynx in a most interesting and instructive manner. The address will be published *in extenso* in a future number of the *Journal*.

On the same evening Sir St Clair Thomson extended his hospitality to the members of the Sections of Laryngology and Otology.

* * *

CENTRAL LONDON THROAT AND EAR HOSPITAL ANNUAL ADDRESS AND DINNER.

On Friday, 11th November, Mr E. B. Waggett, D.S.O., delivered the Annual Address at the Hospital, taking as his subject "Observation." The lecture was very well attended and much appreciated.

In the evening the Annual Dinner took place at the Trocadero Restaurant, Mr Archer Ryland, the Dean of the Medical School, occupying the Chair and presiding over a company of sixty. Mr Waggett was the chief guest, and amongst others present were Mr Harold Barwell, President of the Section of Laryngology, Royal Society of Medicine, Mr Lionel Colledge, the Semon Lecturer, Dr William Hill, and Colonel Sir John Young, Vice-President of the Hospital. The toast of "Our Guests" was proposed by the Chairman and responded to by Mr Waggett and Mr Lawson Whale. Mr Barwell proposed "The Hospital," and Colonel Sir John Young and Mr Harold Kisch replied. Mr Andrew Wylie gave the health of the Chairman.

Models of the Labyrinth

These models (King's College Hospital pattern) were devised by

Mr A. H. CHEATLE

and

Mr NEGUS

for teaching purposes and for investigating labyrinthine diseases.

The pointers on the Head frame lie parallel with the Frankfort plane, so that when the frame is on the head the models lie in correct orientation in all respects. The patient's head can be put in any position and the exact relations of each of the canals are seen; rotation and caloric tests can be carried out with the frame in position.
