Battling Pornography

The American Feminist Anti-Pornography
Movement, 1976–1986

CAROLYN BRONSTEIN

\$85.00: Hb: 978-0-521-87992-7: 376 pp.

\$25.99: Pb: 978-1-107-40039-9

Advance praise:

"Bronstein corrects the assumption that the American anti-pornography movement focused exclusively on state regulation and censorship. Bronstein restores historical texture and detail to our understanding of the feminist responses to media violence as part of a larger movement to expand women's equality. She offers a richly detailed portrait of a multifaceted movement concerned with protecting free speech and women's sexual freedoms while still holding media corporations, pornographers, and consumers responsible for distributing and consuming images of violence against women. This lesser known history casts new light on the more infamous sex wars of the 1980s and adds archival heft to our histories of women's activism in the 1980s, including the entrance of conservative religious women into the ranks of Women Against Pornography in the mid-1980s."

—Jane Gerhard, Mount Holyoke College

Pornography catapulted to the forefront of the American women's movement in the 1980s, singled out by some leading feminists as a key agent of female oppression and celebrated by others as an essential ingredient of sexual liberation. In *Battling Pornography*, Carolyn Bronstein locates the origins of anti-pornography sentiment in the turbulent social and cultural history of the late 1960s and 1970s, including women's mixed responses to the sexual revolution, and explains the gradual emergence of a controversial anti-pornography movement. Based on extensive original archival research, the book reveals that the seeds of the movement were planted by groups who protested the proliferation of advertisements, Hollywood films, and other mainstream media that glorified sexual violence. Over time, feminist leaders redirected the emphasis from violence to pornography to leverage rhetorical power, unwittingly attracting right-wing supporters who opposed sexual freedom and igniting a forceful feminist counter-movement in defense of sexuality and free speech. *Battling Pornography* presents a fascinating account of the rise and fall of this significant American social movement and documents the contributions of influential activists on both sides of the pornography debate, including some of the best-known American feminists.

Justice and the Politics of Difference

Iris Marion Young

With a new foreword by Danielle Allen

“Young has written an extremely important book, articulating a position which challenges theorists of justice from Plato to Rawls.”

—Andrew Murphy, *Journal of Politics*

“This is an innovative work, an important contribution to feminist theory and political thought, and one of the most impressive statements of the relationship between postmodernist critiques of universalism and concrete thinking. . . . Iris Young makes the most convincing case I know of for the emancipatory implications of postmodernism.”

University of North Carolina
suetr@unc.edu

MANUSCRIPT PREPARATION

- Manuscripts must be no longer than 30 pages including text, tables and figures, references and appendices. The entire manuscript (including notes and references) must be double-spaced, with one-inch margins and 12-point font, and printed on one side of the page only.
- The author must include a separate title page, with his or her full contact information (including email address, telephone number and institutional affiliation), and a brief biographical statement. All identifying information must be removed from the manuscript.
- A second page must include an abstract of no more than 200 words.
- Placement of tables or figures should be cited in the text. The publisher will be responsible for placing artwork, tables or figures, as well as converting endnotes to footnotes.
- Appendices, tables, and figures should be numbered consecutively throughout the article and be included on separate pages appearing after the reference section. Figures

should be ready for photographic reproduction; they cannot be redrawn by the publisher. Charts, graphs, or other artwork should be professionally rendered or computer generated. Photographs should be clearly printed and should remain legible after a 50% reduction.

- References and notes should conform to the APSA Style Manual. Authors should include full volume, issue, and page numbers for references. Author's acknowledgments or other personal notes will appear as an unnumbered note at the foot of the page. Notes should be numbered consecutively throughout the article. Numbered notes should appear at the end of the sentence. If multiple texts are cited in a sentence they should appear as one consolidated note at the end of the sentence.
- Endnotes should be employed (rather than footnotes).
- All figure captions should be typed on a separate page (or pages), rather than on the figures themselves (which are camera-ready art) so that they can be copyedited.

Originality and copyright: Papers with multiple authors are reviewed with the assumption that all authors concur with its submission. A Copyright Transfer Agreement, with certain specified rights reserved by the author, must be signed and returned to the Editor by senior authors of accepted manuscripts, prior to publication. *Politics & Gender* does not accept manuscripts for review that are under review elsewhere, previously published or already committed for publication.

For general guidelines for preparing a manuscript for submission, please refer to the *APSA Style Manual for Political Science* (rev. ed. 2001) for citation, footnotes, references, and other style issues. Please note, in particular, the statement on gender-specific language (15).
