

## **The SOVIET IMPACT on SOCIETY**

by Dagobert D. Runes — Preface by Harry Elmer Barnes

In what manner has Kremlin-controlled Sovietism raised or lowered human standards? Is man in Soviet society master of his own fate? May he follow unhampered his self-chosen vocation and avocation? Can he express his ideas and feelings as he wishes? Can he join his neighbors in groups, unions and confederations? Are his social or cultural activities dictated by political potentates?

To these and other basic questions the distinguished philosopher offers an unbiased reply, out of his direct observations and studies. \$3.75

## PROBLEMS OF PARLIAMENTARY GOVERNMENT IN COLONIES

A report prepared by the Hansard Society on some of the problems involved in developing parliamentary institutions in colonial territories.

Crown 8vo                      x + 154 pages                      12s

"This little book of some 154 pages, complete with appendices and a good index, . . . published at a time when constitutional development in Central Africa is being discussed . . . should do much to provide a clearer background to political events in the colonial territories today."—*The Times*

" . . . is admirably set out and amounts to a complete skeleton plan for further research which it is hoped will follow the lines here laid down. The chapters on ideologies and colonial policies end with selected bibliographies which greatly add to the value of the book."—*The Times Literary Supplement*

" . . . will be read as an introductory handbook, and as a convenient work of ready reference."—*Financial Times*

**M. A. Fitzsimons—THE FOREIGN POLICY OF THE BRITISH  
LABOUR GOVERNMENT, 1945-1951**

The first serious account of Labour's foreign policy aspirations and performance, it graphically describes Britain's postwar position as a power with world interests but no longer a world power. Against this background the volume analyzes the ambiguity in Britain's espousal of European Union, the differing American and British policies toward China, and Britain's successes and failures in coming to terms with Asian Nationalism.

**\$3.25**

**Hans Kohn—PAN-SLAVISM: ITS HISTORY AND IDEOLOGY**

The fascinating story of Pan-Slavism, from its beginnings after the Napoleonic Wars to its climax in and after World War II, is told here for the first time in English. All the problems which the West faces today with Russia and its Slav satellites emerge in this book as issues with a long past in cultural traditions and national attitudes. It effectively demonstrates the tremendous impact of nationalism on modern history.

**\$6.25**

**W. Gurian, Editor—SOVIET IMPERIALISM: ITS ORIGINS AND  
TACTICS**

This basic text deals with the central question of the Cold War: Is the enemy "Eternal Russia" or Communist aggression? The book contains articles by N. S. Timasheff, Michael Pap, Richard Pipes, W. Weintraub, Ling Nai-Jui, and F. Barghoorn.
