Fold-unfold lemmas
for reasoning about recursive programs
using the Coq proof assistant
– ERRATUM

OLIVIER DANVY

doi.org/10.1017/S0956796822000107, Published online by Cambridge University Press, 29 September 2022

This manuscript was published in *Journal of Functional Programming* with supplementary material missing.

The supplementary material has now been published online and the supplementary material statement has been added to the original article in both the online PDF and HTML versions of this article.

The publisher apologises for this error.
