

## INDEX OF AUTHORS.

	PAGE
ARKWRIGHT, J. A. Experiments on the Agglutination of Watery Extracts of <i>B. typhosus</i> . . . . .	261
BACOT, A., PETRIE, G. F. and TODD, R. E. The Fleas found on Rats and other Rodents, living in Association with Man, and trapped in the Towns, Villages and Nile Boats of Upper Egypt . . . . .	498
BARR, W. The Influence of Ocean Spindrift and Blown Spray on the Chlorine Content of Inland Ground Waters. (With 3 Maps) . . . . .	119
BRADDON, W. L. and COOPER, E. A. The Influence of Metabolic Factors in Beri-Beri. Part I. The Effect of increasing the Carbohydrate Ration on the Development of Polyneuritis in Birds fed on Polished Rice . . . . .	331
BROOKS, R. St J. <i>See</i> MACALISTER.	
BROWN, J. W. and MOHAN LAL. An Inquiry into the Relation between Social Status and Cancer Mortality . . . . .	186
COOPER, E. A. On the Protective and Curative Properties of certain Foodstuffs against Polyneuritis induced in Birds by a Diet of Polished Rice. Part II. . . . .	12
COOPER, E. A. <i>See</i> BRADDON.	
DUDGEON, L. S. A Contribution to the Study of the Complement Fixation Reaction in Tuberculous Animals. (With 12 Charts) . . . . .	52
DUDGEON, L. S., MEEK, W. O. and WEIR, H. B. The Complement Fixation Reaction in Tuberculosis . . . . .	72
EASTWOOD, A. and GRIFFITH, F. Report to the Local Government Board on an Enquiry into Rat Plague in East Anglia during the period July—October, 1911. (With Map) . . . . .	285
EWART, R. J. The Influence of the Age of the Parent on the Vitality of the Child—A first Study . . . . .	453
FREMLIN, H. S. Further Observations on Nitroso-bacteria . . . . .	149
GLENNY, A. T. On Suggested Formulae connecting Dosage and Death Time. (With Four Charts) . . . . .	371
GÓZONY, L., HINDLE, E. and ROSS, P. H. Serological Tests . . . . .	354
GREEN, A. B. The Resistance of the Vaccine Virus to Filtration . . . . .	182
GREENWOOD, M., Junr. and WOOD, F. The Relation between the Cancer and Diabetes Death-rates . . . . .	83
GRIFFITH, F. <i>See</i> EASTWOOD.	
HEWLETT, R. T. and REVIS, C. On the Presence of the so-called "Complement" in Milk . . . . .	481

	PAGE
HINDLE, E. Note on the Colour-preference of Flies . . . . .	46
HINDLE, E. and MERRIMAN, G. The Range of Flight of <i>Musca domestica</i> . Report upon Experiments. (With 13 Charts) . . . . .	23
HINDLE, E. See GÓZONY.	
HORT, E. C. The Sterility of normal Urine in Man . . . . .	509
LEDINGHAM, J. C. G. and PENFOLD, W. J. Mathematical Analysis of the Lag-phase in Bacterial Growth. (With 9 Charts and 1 Text-figure) .	242
LEWIS, F. C. An Electro-chemical Apparatus for the Disinfection and Cleansing of Cultures and Slides for use in Bacteriological and Pathological Laboratories. (With Plate II and 1 Text-figure) . . . . .	48
MACALISTER, G. H. and BROOKS, R. St J. Report upon the Post-Mortem Examination of Rats at Ipswich . . . . .	316
McCRAE, J. The Phosphoric Oxide Content of Maize Flour . . . . .	395
MASTERMAN, E. W. G. Notes on some Tropical Diseases in Palestine. (With Plate I and 1 Chart) . . . . .	1
MEEK, W. O. Observations on the Immune-body Content of the Blood Serum in Pulmonary Tuberculosis, as determined by Means of the Complement Fixation Reaction . . . . .	76
MEEK, W. O. See DUDGEON.	
MERRIMAN, G. See HINDLE.	
MOHAN LAL. See BROWN.	
PATRICK, A. Agglutination Experiments with Typhoid Bacilli isolated from the Body . . . . .	163
PENFOLD, W. J. On the Nature of Bacterial Lag. (With 5 Charts) .	215
PENFOLD, W. J. See LEDINGHAM.	
PETRIE, G. F. See BACOT.	
RITCHIE, J. Note on the Non-Lactose Fermenters in Fresh Milk . . .	393
ROBERTSON, T. B. On the Conditions under which Discontinuous Events may be employed as a Measure of Continuous Processes, with Especial Reference to the killing of Bacteria by Disinfectants . . . . .	143
ROSS, P. H. See GÓZONY.	
SCHMIDT, H. Studies on the Effect exerted by Shaking on Serum . . .	399
SCHMIDT, H. Studies on the Inactivation of Complement by Shaking .	417
SCHMIDT, H. Studies on the Berkefeld-Filtration of Complement . . .	437
SCHÜTZE, H. Studies in Spontaneous Phagocytosis . . . . .	201
STRICKLAND, C. The Biology of <i>Ceratophyllus fasciatus</i> Bosc., the Common Rat-flea of Great Britain . . . . .	129
TODD, R. E. See BACOT.	
WARNER, C. E. The Thermoprecipitin Method in the Diagnosis of Bubonic Plague in Cadavers . . . . .	360
WEIR, H. B. See DUDGEON.	
WOOD, F. See GREENWOOD.
