### THE SEMON LECTURE, 1929.

Dr Harris P. Mosher of Boston, U.S.A., has been invited by the Semon Lecture Board to give the Semon Lecture of the University of London. The address, which is entitled "The lower end of the Œsophagus at Birth and in the Adult," will be delivered in the Hall of the Royal Society of Medicine, 1 Wimpole Street, London, W. 1, on the afternoon of Thursday, 5th December, at 5 o'clock.

\* \* \*

We regret to announce the death of Dr Herbert Marks of Sydney. Dr Marks was for many years in charge of the Ear and Throat department at the Royal Prince Alfred Hospital, and he was also a lecturer on Ear and Throat diseases at Sydney University. Dr Marks was one of the leading representatives of our speciality in Australia and was well known to many in this country.

# Models of the Labyrinth

These models (King's College Hospital pattern) were devised by

Mr A. H. CHEATLE  
and

Mr NEGUS  
for teaching purposes  
and for investigating  
labyrinthine diseases.

The pointers on the Head frame lie parallel with the Frankfort plane, so that when the frame is on the head the models lie in correct orientation in all respects. The patient's head can be put in any position and the exact relations of each of the canals are seen; rotation and caloric tests can be carried out with the frame in position.
