PHILOSOPHY & THE HISTORICAL UNDERSTANDING

Karl Popper writes: 'I find *Philosophy and the Historical Understanding* fascinating. It is highly original in its whole approach, and completely free from the influence of the fashions of the day. It is simply and clearly written, and yet it breaks new ground. The book is full of interesting ideas and detailed analyses.'

Practical Reasoning

*The Structure and Foundation of
Prudential and Moral Arguments
and their Exemplification in
Discourse*

DAVID P. GAUTHIER

'... an able and interesting book. ... It is a major point, and surely a sound point, in Mr Gauthier's thesis that practical reasoning can be, and should be, treated as a single genus. ... Those who are acquainted with recent writing in moral philosophy will, perhaps, be particularly refreshed by Mr Gauthier's relative lack of reverence for "moral principles".' The Divine Politics of Thomas Hobbes

An Interpretation of Leviathan

F. C. HOOD

The main thesis of this book is that civil philosophy was for Hobbes that part of Divine Politics which could be treated in accordance with the method of Euclid. The author shows that there is nothing original in Hobbes's moral thought; the originality of *Leviathan* lies in its method.

'... a subtle and closely reasoned book. ...' SPECTATOR 45s net

Hegel's Political Writings

Introductory Essay by

Z. A. PELCZYNSKI

Translated by T. M. KNOX

In the first part of this volume Dr Pelczynski systematises and analyses the main political ideas in Hegel's non-philosophical political writings. These writings have hitherto been available in German only. Translations by Sir Malcolm Knox are printed in the second part. 45s net

PLATO'S REPUBLIC: A PHILOSOPHICAL COMMENTARY

Intended for the use of those both with and without a classical education, this commentary singles out the major philosophical topics of the *Republic* and offers a general discussion on them. Since the field of the *Republic* is remarkably wide, it is hoped that this book will provide a sound introduction to philosophy as a whole. 25s.

SATURN AND MELANCHOLY

Studies in the History of Natural Philosophy,

Religion and Art

by **RAYMOND KLIBANSKY, ERWIN PANOFSKY and
FRITZ SAXL**

Three eminent scholars have collaborated to produce this long-awaited work on the history of the related concepts of the influence of the god and planet Saturn and the character and destiny of the Melancholic. Mankind's changing beliefs about Saturn and Melancholy are traced through the history of philosophy, art and literature from classical times onwards. The book is beautifully and abundantly illustrated from many sources.

Raymond Klibansky is Professor of Philosophy at McGill University; Erwin Panofsky is Professor of the History of Art, The Institute for Advanced Study, Princeton; the late Fritz Saxl was Director of the Warburg Institute and Professor of the History of the Classical Tradition at the University of London.
