

In the Quest for Meaning

The Constant Fire

Beyond the Science vs. Religion Debate
ADAM FRANK

“In the midst of increasing polarization in discussions about science and religion, as well as political aspects of both, it is a relief to encounter a voice of reason that at the same time articulates a sensitivity and sensibility sorely lacking in so many discussions nowadays.” —Piet Hut, Institute for Advanced Study, Princeton

The Civic Life of American Religion

Edited by
PAUL LICHTERMAN and
C. BRADY POTTS

“A lot of books lately extol the virtues of religion for American civil society. In contrast, this work offers interpretive essays—backed by systematic research—that provide a balanced assessment of both the benefits and drawbacks of religion in civic life, and point out directions for new theoretical and empirical work.”

—Rhys Williams,
University of Cincinnati

Bleached Faith

The Tragic Cost When Religion Is Forced into the Public Square

STEVEN GOLDBERG

"Sociology of Religion"

The ASR's quarterly journal carries a broad range of articles on theoretical and empirical issues and has distinguished itself as a forum in the classic tradition of comparative-historical and theoretical research, with some of its issues subsequently commercially published as free-standing titles.
