NAEP periodically publishes a membership directory. This directory is distributed to NAEP members free of charge and sold to non-members for a nominal fee. If you do not want to be included in a directory published in paper or electronic form, check here.

NAEP membership is open to persons engaged in all aspects of the environmental professions in one of the following categories:

General Membership \$150.00 / year

General membership is open to individuals who have earned an undergraduate or graduate degree and have at least three years experience working in the environmental field. General members may vote and hold office.

College or University _____ Specialties _____

Degree(s) _____ Years of experience _____

Associate Member \$125.00 / year

Associate membership is open to individuals who do not meet the requirements for general membership.

Student Membership \$40.00 / year

Student membership is limited to full-time students pursuing an environmental degree. A copy of a current transcript and college ID is required and must accompany the application.

Date entered current degree program: _____ Expected graduation date _____

Anticipated degree _____ College or University _____ Program/Major _____

Senior Membership \$75.00 / year

Corporate Membership \$750.00 / year (Primary Office) Corporate Branch Membership \$375.00 / year

NAEP Chapters

In addition to membership in the national Association, NAEP maintains a network of regional, state, local and student chapters that offer additional opportunities for professional growth. Check below if you would like to join one of the chapters and include applicable dues in addition to the amount for NAEP membership.

State/Local Chapters

- | | |
|--|------------|
| <input type="radio"/> Alaska | \$25/year |
| <input type="radio"/> Arizona | \$30/year |
| <input type="radio"/> California | \$150/year |
| <input type="radio"/> Florida | \$40/year |
| <input type="radio"/> Georgia | \$20/year |
| <input type="radio"/> Hawaii | \$30/year |
| <input type="radio"/> Illinois | \$40/year |
| <input type="radio"/> Mid-America (IA, KS, MO, NE) | \$15/year |
| <input type="radio"/> Mid-Atlantic (DC, MD, VA) | \$40/year |
| <input type="radio"/> North Carolina | \$30/year |
| <input type="radio"/> Northwest (OR & WA) | \$25/year |

| <input type="radio"/> Texas | \$50/year |

Please remember to ONLY use the box below if you are joining FAEP (the Florida Chapter of NAEP) or renewing your FAEP (the Florida Chapter of NAEP) membership. Questions call Tim Bower at 856-283-7816. For FAEP (Florida) State and FAEP Chapter membership is required; however, you may join more than one FAEP local chapter. Please only use this field if you are joining or renewing your FAEP membership. FAEP local chapters rates are as follows:

- FAEP Central Chapter \$20/year
- FAEP Northeast Chapter \$25/year
- FAEP Northwest Chapter \$20/year
- FAEP South Chapter \$15/year
- FAEP South Student Chapter \$10/year
- FAEP Southwest Chapter \$15/year
- FAEP Tallahassee Chapter \$15/year
- FAEP Tampa Bay Chapter \$40/year
- FAEP Tampa Bay Student Chapter \$10/year
- FAEP Treasure Coast Chapter \$15/year

NAEP Membership is individual (not your company's) and non-transferable. NAEP Corporate memberships are available; please contact the national office for more information. Your national dues (see page 1) include a subscription to our journal, Environmental Practice. Chapter dues are collected by NAEP on behalf of the affiliated chapters and passed to them along with your name and address. Some chapters are more active than others.

Code of Ethics and Standards of Practice for Environmental Professionals

The objectives of Environmental Professionals are to conduct their personal and professional lives and activities in an ethical manner. Honesty, justice and courtesy form moral philosophy which, associated with a mutual interest among people, constitute the foundation of ethics. Environmental Professionals should recognize such a standard, not in passive observance, but as a set of dynamic principles guiding their conduct and way of life. It is their duty to practice their profession according to this Code of Ethics.

As the keystone of professional conduct is integrity, Environmental Professionals will discharge their duties with fidelity to the public, their employers, clients, with fairness and impartiality to all. It is their duty to interest themselves in public welfare, and to be ready to apply their special knowledge for the benefit of mankind and their environment.

Creed

The objectives of an Environmental Professional are:

1. to recognize and attempt to reconcile societal and individual human needs with responsibility for physical, natural, and cultural systems.
2. to promote and develop policies, plans, activities and projects that achieve complementary and mutual support between natural and man-made, and present and future components of the physical, natural and cultural environment.

Ethics

As an Environmental Professional I will:

1. be personally responsible for the validity of all data collected, analyses performed, or plans developed by me or under my direction. I will be responsible and ethical in my professional activities.
2. encourage research, planning, design, management and review of activities in a scientifically and technically objective manner. I will incorporate the best principles of the environmental sciences for the mitigation of environmental harm and enhancement of environmental quality.
3. not condone misrepresentation of work I have performed or that was performed under my direction.
4. examine all of my relationships or actions, which could be legitimately interpreted as a conflict of interest by clients, officials, the public or peers. In any instance where I have financial or personal interest in the activities with which they are directly or indirectly involved, I will make a full disclosure of that interest to my employer, client, or other affected parties.
5. not engage in conduct involving dishonesty, fraud, deceit, or misrepresentation or discrimination.
6. not accept fees wholly or partially contingent on the client's desired result where that desired result conflicts with my professional judgment.

Guidance for Practice as an Environmental Professional

As an Environmental Professional I will:

1. encourage environmental planning to begin in the earliest stages of project conceptualization.
2. recognize that total environmental management involves the consideration of all environmental factors including: technical, economical, ecological, and sociopolitical and their relationships.
3. incorporate the best principle of design and environmental planning when recommending measures to reduce environmental harm and enhance environmental quality.
4. conduct my analysis, planning, design and review my activities primarily in subject areas for which I am qualified, and shall encourage and recognize that participation of other professionals in subject areas where I am less experienced. I shall utilize and participate in interdisciplinary teams wherever practical to determine impacts, define and evaluate all reasonable alternatives to proposed actions, and assess short-term versus long-term productivity with and without the project or action.
5. seek common, adequate, and sound technical grounds for communication with and respect for the contributions of other professionals in developing and reviewing policies, plans, activities and projects.
6. determine that the policies, plans, activities or projects in which I am involved are consistent with all governing laws, ordinances, guidelines, plans and policies to the best of my knowledge and ability.
7. encourage public participation at the earliest feasible time in an open and productive atmosphere.
8. conduct my professional activities in a manner that ensures consideration of technically and economically feasible alternatives.

Encourage Development of the Profession

As an Environmental Professional I will:

1. assist in maintaining the integrity and competence of my profession.
2. encourage education and research and the development of useful technical information relating to the environmental field.
3. be prohibited from lobbying in the name of the National Association of Environmental Professionals.
4. advertise and present my services in a manner that avoids the use of material and methods that may bring discredit to the profession

AFFIRMATION

I hereby affirm and agree that I will abide by the Code of Ethics of the Association. I further understand that falsification of the contents of this application will be grounds for rejection and/or termination of my Association membership and revocation of all benefits resulting there from.

Opt out of all attendee list distribution. This includes all pre and post conference attendee lists and exhibitor/sponsor promotions. If you do not want your name and contact info to be included, check here _____. Questions call 863-949-0262.

What does this picture make you think of? Hawaii maybe?

Mark your calendars now as you won't want to miss this conference. NAEP is taking the 2015 Annual Conference to Honolulu, Hawaii on April 13-16th. We will be at the Marriott Waikiki with a great room rate of \$209. Planning is already taking place for tracks, sessions, keynotes, offsite venues and more.

And if you'd like to get involved there are numerous ways. Submit an abstract, become a session chair, or volunteer to help the 2015 conference committee with the multitude of items that putting on a quality global conference requires. Contact Dennis Peters at dennis.peters@ch2m.com.

The Call for Papers will be available on the NAEP website at www.naep.org in April and abstract submissions will be due in late September. We look forward to seeing you there!

2014 Annual Conference

Changing Tides & Shifting Sands

April 7 - 10, 2014
St Petersburg, Florida

The 2014 NAEP conference to be held in Sunny St. Petersburg, Florida April 7th – 10th includes more than 110 presentations, 20 posters, and four training classes. Topics include the traditional ones of NEPA, Transportation, Water Resources, Cultural Resources, and Wetlands. Additional tracks include presentations on Brownfields, Remediation, Geology, and Sustainability as well as Land Management, Water Resources, Visual Resources, Climate Change, and a Coastal Track. Involvement by local Student Chapters will provide opportunities to interact with the future of our profession as well as give attendees a chance to pass on words of wisdom to the volunteers who help make the conference a success. A separate poster competition will be held exclusively for students. Judges are needed – please step up and provide your expertise!

The planning committee has provided ample time to enjoy the waterfront of St. Petersburg or even a quick trip to the beach. Our main evening soiree will be held at the beautiful Salvador Dali museum that includes a special Andy Warhol exhibit. NAEP will have full use of the museum with the exhibits open for two full hours. Networking opportunities will be provided during the event and will include receptions hosted by FAEP and TBAEP. Three Keynote speakers will be giving their view on our profession.

If you have questions, contact Donna Carter at naepfl@verizon.net or 863-949-0262.
