A path to the bilingual advantage: pairwise matching of individuals–CORRIGENDUM – ERRATUM

Sophia Czapka, Christiane Wotschack, Annegret Klassert and Julia Festman

Erratum

https://doi.org/10.1017/S1366728919000336, Published by Cambridge University Press,

When originally published, the article by Czapka *et al*, included the wrong caption for Fig 2. The publication indicates that Fig 2 shows data for heterogeneous groups when in fact it shows data for homogenous groups.

The correct figure and caption is shown below

A corrigendum has been previously published incorrectly stating that the problem lies with Fig 1. Fig 1 is correct in the original published article

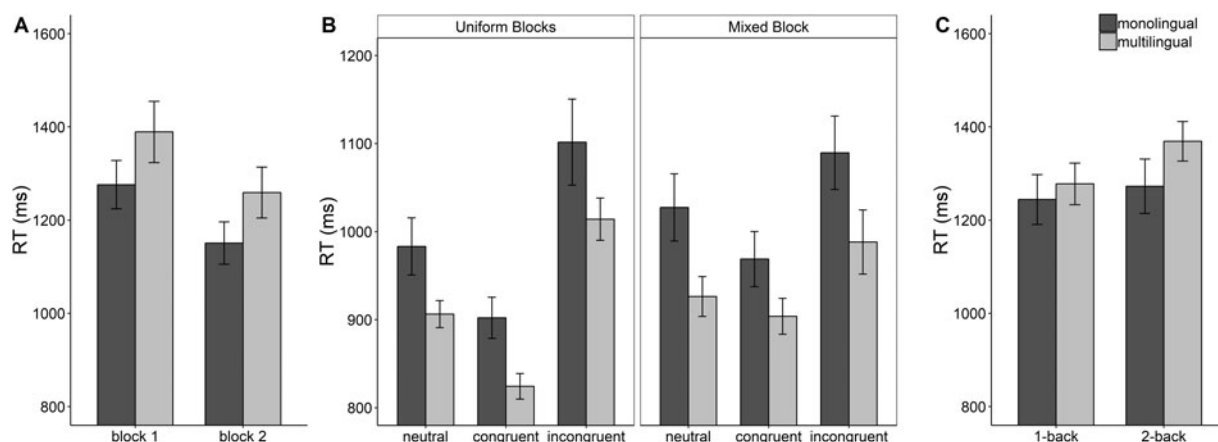

Fig. 2. Mean response latencies (with error bars indicating standard errors) of the A) go/nogo task, B) BST and C) N-back for the homogenous groups (monolinguals - dark bars and multilinguals - light bars).
