JOURNAL OF APPLIED PROBABILITY

This is an international journal published by the Applied Probability Trust and a companion publication to *Advances in Applied Probability*. It contains mathematical and scientific papers of interest to probabilists, with emphasis on applications in a broad spectrum of disciplines. In addition, short communications and letters specifically relating to papers appearing in either JAP or AAP are published here. An annual volume of approximately 1312 pages is published in four issues appearing in March, June, September and December.
