

CAMBRIDGE

JOURNALS

# CAMBRIDGE JOURNALS DIGITAL ARCHIVE

- ▶ Archives are available for over 250 of our journals
- ▶ Featuring content published from 1770 to 2011
- ▶ Available as full, HSS and STM packages, smaller collections, annual top ups and as individual titles

Ask your librarian to visit

## CONTENTS

### Opinion paper

- van Zanten, H. H. E., Meerburg, B. G., Bikker, P., Herrero, M. and de Boer, I. J. M.*  
Opinion paper: The role of livestock in a sustainable diet: a land-use perspective 547

### Breeding and genetics

- Zhang, Z., Wang, Z., Yang, Y., Zhao, J., Chen, Q., Liao, R., Chen, Z., Zhang, X., Xue, M., Yang, H., Zheng, Y., Wang, Q. and Pan, Y.*  
Identification of pleiotropic genes and gene sets underlying growth and immunity traits: a case study on Meishan pigs 550
- Govignon-Gion, A., Dassonneville, R., Baloche, G. and Ducrocq, V.*  
Multiple trait genetic evaluation of clinical mastitis in three dairy cattle breeds 558
- Ryu, J. and Lee, C.*  
Genetic association of marbling score with intragenic nucleotide variants at selection signals of the bovine genome 566

### Nutrition

- Pirgozliev, V., Mirza, M. W. and Rose, S. P.*  
Does the effect of pelleting depend on the wheat sample when fed to chickens? 571
- Symeou, V., Leinonen, I. and Kyriazakis, I.*  
Quantifying the consequences of nutritional strategies aimed at decreasing phosphorus excretion from pig populations: a modeling approach 578
- Bontempo, V., Comi, M. and Jiang, X. R.*  
The effects of a novel synthetic emulsifier product on growth performance of chickens for fattening and weaned piglets 592
- McGovern, F. M., Magee, D. A., Browne, J. A., MacHugh, D. E. and Boland, T. M.*  
Iodine supplementation of the pregnant dam alters intestinal gene expression and immunoglobulin uptake in the newborn lamb 598
- Hosseini, S. M., Ghorbani, G. R., Rezamand, P. and Khorvash, M.*  
Determining optimum age of Holstein dairy calves when adding chopped alfalfa hay to meal starter diets based on measures of growth and performance 607
- Zou, C. X., Lively, F. O., Wylie, A. R. G. and Yan, T.*  
Estimation of the maintenance energy requirements, methane emissions and nitrogen utilization efficiency of two suckler cow genotypes 616

### Physiology and functional biology of systems

- Friedrichs, P., Sauerwein, H., Huber, K., Locher, L. F., Rehage, J., Meyer, U., Dänicke, S., Kuhla, B. and Mielenz, M.*  
Expression of metabolic sensing receptors in adipose tissues of periparturient dairy cows with differing extent of negative energy balance 623
- Gaillard, C., Vestergaard, M., Weisbjerg, M. R. and Sehested, J.*  
Effects of live weight adjusted feeding strategy on plasma indicators of energy balance in Holstein cows managed for extended lactation 633
- Balzani, A., Cordell, H. J. and Edwards, S. A.*  
Evaluation of an on-farm method to assess colostrum IgG content in sows 643
- Delgado, J. A., Vélez, L. I. and Flores, J. A.*  
Continuous light after a long-day treatment is equivalent to melatonin implants to stimulate testosterone secretion in Alpine male goats 649
- Abdussamad, A. M., Detterer, J., Gauly, M. and Holtz, W.*  
Comparison of various semen extenders and addition of prostaglandin F<sub>2</sub> on pregnancy rate in cows 655

### Behaviour, welfare and health

- O'Connor, A., Anthony, R., Bergamasco, L., Coetzee, J. F., Dzikamunhenga, R. S., Johnson, A. K., Karriker, L. A., Marchant-Forde, J. N., Martineau, G. P., Millman, S. T., Pajor, E. A., Rutherford, K., Sprague, M., Sutherland, M. A., von Borell, E. and Webb, S. R.*  
Review: Assessment of completeness of reporting in intervention studies using livestock: an example from pain mitigation interventions in neonatal piglets 660
- Ma, H., Xin, H., Zhao, Y., Li, B., Shepherd, T. A. and Alvarez, I.*  
Assessment of lighting needs by W-36 laying hens via preference test 671
- Sørensen, J. T., Rousing, T., Kudahl, A. B., Hansted, H. J. and Pedersen, L. J.*  
Do nurse sows and foster litters have impaired animal welfare? Results from a cross-sectional study in sow herds 681
- D'Eath, R. B., Niemi, J. K., Vosough Ahmadi, B., Rutherford, K. M. D., Ison, S. H., Turner, S. P., Anker, H. T., Jensen, T., Busch, M. E., Jensen, K. K., Lawrence, A. B. and Sandøe, P.*  
Why are most EU pigs tail docked? Economic and ethical analysis of four pig housing and management scenarios in the light of EU legislation and animal welfare outcomes 687

### Product quality, human health and well-being

- Boschetti, E., Bordoni, A., Meluzzi, A., Castellini, C., Dal Bosco, A. and Sirri, F.*  
Fatty acid composition of chicken breast meat is dependent on genotype-related variation of *FADS1* and *FADS2* gene expression and desaturating activity 700
- Barahona, M., Olleta, J. L., Sañudo, C., Alberti, P., Panea, B., Pérez-Juan, M., Realini, C. E. and Campo, M. M.*  
Effects of whole linseed and rumen-protected conjugated linoleic acid enriched diets on beef quality 709
- Bonny, S. P. F., Pethick, D. W., Legrand, I., Wierzbicki, J., Allen, P., Farmer, L. J., Polkinghorne, R. J., Hocquette, J.-F. and Gardner, G. E.*  
Ossification score is a better indicator of maturity related changes in eating quality than animal age 718
