

General Notes

UNIVERSITY OF LONDON
BRITISH POSTGRADUATE MEDICAL FEDERATION
THE INSTITUTE OF LARYNGOLOGY AND OTOTOLOGY
330/332 GRAY'S INN ROAD, LONDON, W.C.1.

WHOLE-TIME COURSES FOR POSTGRADUATE STUDENTS

12 February–18 May 1968 and 5 August–9 November 1968.

BASIC SCIENCES CLASS for Part I D.L.O. students.

This consists of approximately 50 lecture/demonstrations on the anatomy of the head, neck, thorax and brain; 20 lectures covering the physiological aspects; six on applied pharmacology; and eight on histological, pathological and bacteriological subjects. Facilities are also available for dissection of the relevant parts, and this occupies about 120 hours.

1 July–10 August 1968.

INTENSIVE CLINICAL LECTURE PERIOD for Part II D.L.O. and other students.

These periods are primarily designed to give a clinical survey of the whole field of the Specialty as a preliminary to practical clinical training. At the completion of the Intensive Lecture Period, selected students may be given the opportunity to serve as house surgeons in the associated hospitals.

13 May–25 May 1968 and 6 November–19 November 1968.

PRACTICAL REVISION CLASS for Part II D.L.O. students.

This is intended for those students who are well advanced in preparation for the examination and need only the opportunity for a final review. The class includes demonstrations of selected clinical cases and viva voce examinations.

18–30 March 1968 and 30 September–12 October 1968.

ADVANCED REVISION COURSE for students taking higher surgical examinations.

This is limited to senior students who are about to take the Final examination. In addition to a series of lecture/discussions at the appropriate level in the Specialty and in related branches of general surgery, there are a number of clinical and viva voce sessions and arrangements for the setting and correction of test papers.

A copy of the syllabus giving full information about the teaching and research facilities provided by the Institute, and a detailed programme of any

General Notes

of the courses listed overleaf and of the short courses on specific aspects which are arranged from time to time can be obtained from the Secretary-Administrator.

The clinical practice can be joined at any time by individual arrangement with the Dean. This includes daily practical teaching in the clinics and operating theatres and ward-rounds and special demonstrations weekly.

Demonstrations of clinical cases, open clinical lectures and clinical pathological conferences are held at regular intervals throughout the year, and are open without fee to all trainees in the Specialty. A list giving dates and times is obtainable in the Secretary-Administrator's office.

GUEST LECTURES AT AN ADVANCED LEVEL

open to all members of the Specialty and to post-graduate students (whether enrolled students of the Institute or not)

Monday, 4 March 1968, at 5.30 p.m. at the Institute.

General Notes

VERTIGO: FUNDAMENTALS OF DIAGNOSIS AND MANAGEMENT

4-6 April 1968

The Department of Otolaryngology and Maxillofacial Surgery, University of Iowa, will present a course on vertigo designed to be of interest to otolaryngologists, neurologists, and general practitioners. This 2½-day course will cover the basic knowledge related to the understanding and disposition of the vertiginous patient. Subjects will include: the anatomy and physiology of the vestibular system, principles of clinical, audiometric, and E.N.G. diagnosis, and the practical management of vertigo.

The fee is £125, £25 for residents. Application forms may be obtained from the Department of Otolaryngology and Maxillofacial Surgery, University Hospitals, Iowa City, Iowa, 52240.

DOWN'S

HYDRAULIC FOOT OPERATING CHAIR STOOL

Hydraulic, Foot Operated

Adjustable Height 24 to 33 inch

Adjustable Back Rest

Foot Operated Brake

Foot Rail

Maximum Manœuvrability

Can be elevated and locked by Surgeon whilst seated

This chair-stool is of special value in prolonged operations such as stapedectomy and ophthalmic surgery

BELMONT E.N.T. HYDRAULIC EXAMINATION CHAIR

Model No. 105S

Small and elegant, this chair is heavily sprung and padded with foam rubber, fully revolving and locking by upward pressure on the foot-pedal. Raises and lowers by smooth foot-pedal action, easy finger-tip back reclining handles. Upholstered in Red or Black first-grade Vinyl.

Dimensions:

Height: 3 ft.

Seat Height: 1 ft. 6 in.

Outside width: 2 ft. 3 in.

Raises: 6½ in.

Reclining depth: 4 ft. 1 in.
