
Final Program Addendum

Forty Seventh Annual Meeting

International Neuropsychological Society

February 20-23, 2019
New York, New York, USA

PROGRAM CHANGES & AUTHOR REVISIONS

*The following abstracts were **revised** after being accepted for presentation in New York:*

Wednesday, February 20, 2019

2:30-3:45

Poster Session 1. Aging

52. MONAHAN, K Nutrition and its Relation to Cognition: Proportional Macronutrient Consumption and Cognitive Function among Older Adults
Revision Details: C. Anderson Hanley added as second author
72. SALMINEN, L Neuroimaging Markers of Perinatal Smoke Exposure Later in Life: An Analysis of the UK Biobank Cohort
Revision Details: This abstract was rescheduled from where it currently appears in these proceedings (as #72 in Poster Session 1), and was instead presented as #121 in Poster Session 3
28. GRACIAN, E Non-Uniform Age-Related Differences, Concurrent Validity, and Neuropsychological Correlates of WebEXEC in Cognitively Normal Older Adults
Revision Details: This abstract title was changed to Non-Uniform Age-Related Differences, Concurrent Validity, and Neuropsychological Correlates of WebEXEC in Cognitively Normal Older Adults
88. WEISENBACH, S Resting State Brain Network Connectivity Predicts Cognition in Healthy Older Adults
Revision Details: This abstract was moved from where it currently appears in these proceedings (as #88 in Poster Session 1), and was instead presented as #102 by Germain, J
25. GERMAIN, J Resting State Brain Network Dysfunction and Cognition in Late Life Depression
Revision Details: This abstract was moved from where it currently appears in these proceedings (as #25 in Poster Session 1), and was instead presented as #103

Thursday, February 21, 2019

8:00-9:15

Poster Session 2. Assessment

117. RAI, JK Classification Accuracy of TOMM Trial 1 Cutoffs in a Large Medical-Legal Sample
Revision Details: This abstract was moved from where it currently appears in these proceedings (as #117 in Poster Session 2), and was instead presented as #92 in Poster Session 5

9:30-10:45

Poster Session 3. Psychosocial, Psychiatric, & Substance Use

70. GAROLERA, M Binge Eating Symptoms Associate with Lower Affective Theory of Mind Performance in Obesity
Revision Details: This abstract was moved from where it currently appears in these proceedings (as #70 in Poster Session 3), and was instead presented as #94 by Ottino, J
4. GAROLERA, M Alterations in Cognitive Function in Healthy Obese Adolescents
Revision Details: This abstract was moved from where it currently appears in these proceedings (as #4 in Poster Session 10), and was instead presented as #95 by Ottino, J
47. GAROLERA, M Differences in brain's structural networks linked to body-weight status
Revision Details: This abstract was moved from where it currently appears in these proceedings (as #47 in Poster Session 10), and was instead presented as #96 by Ottino, J

12:00-1:15

Poster Session 4. Adult Medical

104. SACCA, F Normalization of Timed Neuropsychological Tests with the PATA Rate and Nine-Hole Pegboard Tests in Parkinson's Disease and Multiple System Atrophy
Revision Details: This abstract was presented by Pane, C
105. SACCA, F The impact of cognitive testing on disability measurement during the follow-up of people with Multiple Sclerosis
Revision Details: This abstract was presented by Pane, C
120. DIAMOND, B Discriminating Confabulations from Truths in Anterior Communicating Artery (ACoA) Aneurysm Using Autonomic Indices
Revision Details: This abstract was presented by Happawana, K and Tsang, CW

2:30-3:45

Poster Session 5. Pediatric Medical & Neurodevelopmental

46. RAU, S Tools to evaluate ADHD symptoms in Autism Spectrum Disorder
Revision Details: This abstract was presented by Armour, AC
41. ISENSTEIN, E Differentiation of Cortical Auditory Response in Individuals with Phelan-McDermid Syndrome, Autism Spectrum Disorder, and Typical Development
Revision Details: This abstract was presented by Rowe, M

Friday, February 22, 2019

10:15-11:30

Poster Session 6. Cancer, Epilepsy, & Genetic Disorders Across the Lifespan

11. HENNEGHAN, A Amyloid Beta and Cognitive Performance of Breast Cancer Survivors
Revision Details: This abstract was presented by Petersen, M
12. JACOLA, L Predicting the Need for Educational Services in Survivors of Childhood Acute Lymphoblastic Leukemia (ALL): The Role of On-Therapy Serial Neurocognitive Monitoring
Revision Details: This abstract was presented by Hall, L

1:45-3:00

Poster Session 7. Cognitive Intervention & Neurobehavioral Domains

51. LOCKRIDGE, R Early Executive Functioning and Functional Connectivity in Preschool Children
Revision Details: This abstract was presented by Loiselle, C
40. HOFFMAN, S Pain Catastrophizing is Related to Worse Executive Functioning in Combat Veterans
Revision Details: This abstract was presented by Lefler, SJ
106. DEVORE, B Dynamic Spatial Behavior Responding to Emotionally Valenced Stimuli Based upon Functional Cerebral Systems Theory
Revision Details: This abstract was presented by Raines, A
96. SIMONE, S Total Recognition Discriminability in Huntington's and Alzheimer's Disease: New Insights from the CVLT-3
Revision Details: This abstract was presented by Graves, L

3:30-4:45

Poster Session 8. MCI & Dementia

36. CORTINA, N Face-Name Associative Memory is Sensitive to Family History of Neurologic Conditions Among Cognitively Normal Older Adults
Revision Details: This abstract was presented by Joyce, J

Saturday, February 23, 2019

9:00-10:15

Poster Session 9. Concussion/TBI Across the Lifespan

77. SACK, L The Effect of Active Rehabilitation on the Psychological Well-Being of Adolescents with Post-Concussion Symptoms
Revision Details: This abstract was moved from where it currently appears in these proceedings (as #77), and was instead presented as #116 by Cermak, C
107. CERMAK, C Characterization of speech, language, and cognitive communication impairments in sub-acute preschool traumatic brain injury: A retrospective chart review
Revision Details: This abstract was moved from where it currently appears in these proceedings (as #107) and was instead presented as #117
109. HAIGHT, A Utilization and Implications of PEPS-C in Pediatric TBI
Revision Details: This abstract was presented by Lengenfelder, J
68. COOK, N Multiple Past Concussions in High School Hockey Players
Revision Details: This abstract was presented by Iverson, G

10:45-12:15

Paper Session 22. Pediatric Epilepsy & Other Pediatric Medical

5. MONTPETIT, C Psychological Functioning and Behavioral Concerns in Children with ESES
Revision Details: This abstract was presented by MacAllister, W

2. MACCALLISTER, W Psychological Functioning among Pediatric Patients with Left vs Right Hemisphere Epilepsy
Revision Details: This abstract was presented by Fay-McClymont, T
1. BREMM, FJ Pre- and Postoperative Verbal Memory and Executive Functioning in Frontal Lobe Epilepsy Versus Temporal Lobe Epilepsy
Revision Details: Second and third authors should appear as Henriks, MPH and Bien, CG
6. JALAL, R Neurocognitive Profile of Social Skills Impairment in Individuals with 22q11.2 Mutations
Revision Details: This abstract title was changed to: Social Cognition and Social Behavior in Individuals with 22q11.2 Deletion Syndrome

WITHDRAWN ABSTRACTS

The following abstracts were *withdrawn* by their authors after they were accepted, and *were not presented* at the Forty-Seventh Annual Meeting in New York:

Wednesday, February 20, 2019

2:20-3:45 Poster Session 1. Aging

7. BERTOLA, L Cognitive stability predictors differ between older adults with normal cognition and Mild Cognitive Impairment

Thursday, February 21, 2019

8:00-9:15 Poster Session 2. Assessment

9. CARVALHO, J Factor Structure of the RBANS in Patients with Huntington's Disease
104. ERICKSON, S Dispelling Folklore About Trial One Memory and Digit Span Forward Differences

9:30-10:45 Poster Session 3. Psychosocial, Psychiatric, & Substance Use

25. CASTER, N Relationship Between Emotional States and Resilience in Brain-Injured Patients
49. HEILMAN, K Left Eye Dominance and Anxiety
86. NGUYEN, T Blood-based Biomarkers of Inflammation are Related to Processing Speed and Executive Function in Schizophrenia

12:00-1:15 Poster Session 4. Adult Medical

8. KABUBA, N Adult neuropsychological testing in Zambia's HIV positive population on combined antiretroviral therapy
80. BERTOLIN, M The Association Between Neuropsychological Functioning, Coping Strategy Use, and Quality of Life in Individuals with Amyotrophic Lateral Sclerosis
85. COSTABILE, T Can Olfaction be a Marker of Progression in Multiple Sclerosis?

2:30-3:45 Poster Session 5. Pediatric Medical & Neurodevelopmental

19. SCHUSTER, RM Dissociative Relationship Between ADHD Subtypes and Neurocognitive, Academic, Emotional and Adaptive Functioning: Preliminary Analyses from the Adolescent Brain Cognitive Development (ABCD) Study

Friday, February 22, 2019

10:15-11:30 Poster Session 6. Cancer, Epilepsy, & Genetic Disorders Across the Lifespan

86. ROUHANDEH, A Case Report: 20-Month-Old Female with an Intragenic SHANK3 Duplication

1:45-3:00 Poster Session 7. Cognitive Intervention & Neurobehavioral Domains

29. ALTMANN, L Analyzing the Hopkins Verbal Learning Test (HVLT): Effects of Gender and Cognition

102. ORR, B Inference Generation in Discourse Production Relates to Language Complexity and Cognition

3:30-4:45

Poster Session 8. MCI & Dementia

62. CHANEY, GA Neuropsychiatric and Neuroanatomical Correlates of Approach and Withdrawal Behaviors in Frontotemporal Dementia
