

# THE JOURNAL OF AGRICULTURAL SCIENCE

EDITED BY

G. D. H. BELL, C.B.E., PH.D., F.R.S., Plant Breeding Institute, Cambridge

K. L. BLAXTER, PH.D., N.D.A. (HONS.), D.SC., F.R.S.E., F.R.S.,  
Rowett Research Institute, Bucksburn, Aberdeen

G. W. COOKE, PH.D., F.R.I.C., Rothamsted Experimental Station, Harpenden

JOHN HAMMOND, Jr., M.A., School of Agriculture, Cambridge

PROF. SIR J. B. HUTCHINSON, C.M.G., SC.D., F.R.S., School of Agriculture,  
Cambridge

H. L. PENMAN, O.B.E., PH.D., F.R.S., Rothamsted Experimental Station, Harpenden

H. H. ROGERS, B.SC., DIP.AG.SCI., Plant Breeding Institute, Cambridge

PROF. E. W. RUSSELL, C.M.G., PH.D., F.INST.P., Department of Soil Science,  
University of Reading

F. YATES, C.B.E., SC.D., F.R.S., Rothamsted Experimental Station, Harpenden

VOLUME LXXI 1968

CAMBRIDGE  
AT THE UNIVERSITY PRESS  
1968

PUBLISHED BY  
THE SYNDICS OF THE CAMBRIDGE UNIVERSITY PRESS

Bentley House, 200 Euston Road, London, N.W.1.  
American Branch: 32 East 57th Street, New York, N.Y. 10022

*Printed in Great Britain at the University Printing House, Cambridge*

## Contents

### PART I (AUGUST 1968)

	PAGE
ENYI, B. A. C. Comparative studies of upland and swamp rice varieties ( <i>Oryza sativa</i> L.). I. Effect of soil moisture on growth and nutrient uptake. (With Eight Text-figures) . . . . .	1
ENYI, B. A. C. Comparative studies of upland and swamp rice varieties ( <i>Oryza sativa</i> L.). II. Effect of varying supply of manganese on growth and yield . . . . .	15
ARNOLD, M. H. and BROWN, S. J. Variation in the host-parasite relationship of a crop disease. (With Six Text-figures) . . . . .	19
DESSOUKY, F. and JUMA, K. H. Seasonal variation in semen characteristics of Friesian bulls in Iraq (With One Text-figure) . . . . .	37
HALLIDAY, R. Serum protein concentrations in 2-day-old Finnish Landrace, Scottish Black-face, Merino and Merino × Cheviot lambs . . . . .	41
KIRBY, E. J. M. The response of some barley varieties to irrigation and nitrogen fertilizer . . . . .	47
HEMINGWAY, R. G., MACPHERSON, A., DUTHIE, ALISON K. and BROWN, NOEA A. The mineral composition of hay and silage grown in Scotland in relation to the A.R.C. standards for the mineral requirements of dairy cattle . . . . .	53
WEBSTER, M. E. D. and JOHNSON, K. G. Some aspects of body temperature regulation in sheep. (With Four Text-figures) . . . . .	61
JOHNSON, W. L., HARDISON, W. A., ORDOVEZA, A. L. and CASTILLO, L. S. The nutritive value of <i>Panicum maximum</i> (guinea grass). III. Factors affecting voluntary intake by cattle and water buffaloes . . . . .	67
GARETH JONES, D. and BURROWS, A. C. Breeding for increased nodule tissue in white clover ( <i>Trifolium repens</i> L.). (With Two Text-figures) . . . . .	73
RIDLER, B. and BROSTER, W. H. Environmental and managerial factors affecting the growth of Friesian heifers from six months of age to calving. (With Five Text-figures) . . . . .	81
FREE, J. B. and NUTTALL, P. M. The pollination of oilseed rape ( <i>Brassica napus</i> ) and the behaviour of bees on the crop. (With Two Text-figures) . . . . .	91
TALIBUDEEN, O. and DEY, S. K. Potassium reserves in British soils. I. The Rothamsted Classical Experiments. (With Five Text-figures) . . . . .	95
GRIFFITHS, T. W. The application of an improved artificial rumen technique to the study of the effects of non-protein nitrogen on fermentation and nitrogen distribution in the rumen (With Four Text-figures) . . . . .	105
BOND, D. A. Variation between tetraploid red clover plants in corolla tube length and height of nectar . . . . .	113
BUNTING, E. S. The influence of date of sowing on development and yield of maize in England. (With Seven Text-figures) . . . . .	117
COWLING, D. W. and LOCKYER, D. R. A comparison of the yield of three grass species at various levels of nitrogenous fertilizer sown alone or in a mixture (With Four Text-figures) . . . . .	127

## PART II (OCTOBER 1968)

	PAGE
O'DONOVAN, P. B. Urea supplementation of roughage-based diets for cattle (With Four Text-figures) . . . . .	137
FORBES, T. J. and WALKER, N. The utilization of wet feed by bacon pigs with special reference to pipe-line feeding . . . . .	145
FOSTER, W. H. Variation between and within birds in the estimation of the metabolizable energy content of diets for laying hens . . . . .	153
GUNN, R. G. Levels of first winter feeding in relation to performance of Cheviot Hill ewes. VI. Life-time production from the hill. (With One Text-figure) . . . . .	161
LANGLANDS, J. P. The feed intake of grazing sheep differing in age, breed, previous nutrition and live weight . . . . .	167
PAQUAY, R., LOMBA, F., LOUSSE, A. and BIENFET, V. Statistical research on the fate of dietary mineral elements in dry and lactating cows. I. Calcium. (With One Text-figure). . . . .	173
LOMBA, F., PAQUAY, R., BIENFET, V. and LOUSSE, A. Statistical research on the fate of dietary mineral elements in dry and lactating cows. II. Magnesium. (With Two Text-figures) . . . . .	181
LEAT, W. M. F. and HALL, J. G. Lipid composition of lymph and blood plasma of the cow. . . . .	189
HODGSON, D. R. and DRAYCOTT, A. P. Aqueous ammonia compared with other nitrogenous fertilizers as solids and solutions on grass . . . . .	195
LE RICHE, H. H. Metal contamination of soil in the Woburn Market-Garden experiment resulting from the application of sewage sludge . . . . .	205
OJEHOMON, O. O., RATHJEN, A. S. and MORGAN, D. G. Effects of day length on the morphology and flowering of five determinate varieties of <i>Phaseolus vulgaris</i> L. (With Seven Text-figures) . . . . .	209
ELSLEY, F. W. H., MACPHERSON, R. M. and McDONALD, I. The influence of intake of dietary energy in pregnancy and lactation upon sow productivity. (With Two Text-figures) . . . . .	215
NORRINGTON-DAVIES, J. Diallel analysis of competition between grass species. (With One Text-figure) . . . . .	223
ELLIS DAVIES, W., THOMAS, T. A. and YOUNG, NORMAN R. The assessment of herbage legume varieties. III. Annual variation in chemical composition of eight varieties. (With Two Text-figures) . . . . .	233
GASSER, J. K. R. and HAMLYN, F. G. The effects on winter wheat of ammonium sulphate, with and without a nitrification inhibitor, and of calcium nitrate. (With Two Text-figures). . . . .	243
RUSSELL, G. E. Experiments in selecting for resistance to downy mildew in sugar beet . . . . .	251
RUTTER, N. Time lapse photographic studies of livestock behaviour outdoors on the College Farm, Aberystwyth. (With Nine Text-figures) . . . . .	257
NEUMARK, H. and TADMOR, A. The effect of histamine combined with formic or acetic acid on food intake and rumen motility, when infused into the omasum of a ram . . . . .	267
BRAUDE, R. and ROWELL, J. G. Effects of simplifying feeding methods for growing pigs by using a single ration throughout and by providing cereal and supplement components unmixed . . . . .	271
SRIVASTAVA, P. N. and RAZA NASIR, M. M. Some biochemical aspects of the preservation of buffalo semen . . . . .	277

## PART III (DECEMBER 1968)

	PAGE
GUNASENA, H. P. M. and HARRIS, P. M. The effect of the time of application of nitrogen and potassium on the growth of the second early potato, variety Craig's Royal. (With Ten Text-figures) . . . . .	283
WILLIAMS, D. R. A comparison between a method of jointing meat carcasses based upon their anatomical structure and a method based upon standardized butchering practice. I. Description of the jointing methods. (With Three Text-figures) . . . . .	297
FIELD, A. C., SUTTLE, N. F. and GUNN, R. G. Seasonal changes in the composition and mineral content of the body of hill ewes . . . . .	303
WALKER, N., HOLME, D. W. and FORBES, T. J. The effect of rate of gain during the growing and finishing periods on the feed efficiency and carcass composition of the pig. I. Rate of gain during the growing period from 18 to 57 kg live weight. . . . .	311
WALKER, N., HOLME, D. W. and FORBES, T. J. The effect of rate of gain during the growing and finishing periods on the feed efficiency and carcass composition of the pig. II. Contrasting patterns of growth produced by different rates of gain from 20 to 55 kg and 55 to 87 kg live weight. (With One Text-figure) . . . . .	319
OWEN, J. B. and RIDGMAN, W. J. The design and interpretation of experiments to study animal production from grazed pasture. (With Seven Text-figures) . . . . .	327
CANNELL, R. Q. and JOBSON, H. T. The relationship between yield and digestibility in spring varieties of barley, oats and wheat after ear emergence. (With One Text-figure) . . . . .	337
DONEY, J. M. and RUSSEL, A. J. F. Differences amongst breeds of sheep in food requirements for maintenance and live-weight change. (With One Text-figure) . . . . .	343
SHARAFELDIN, M. A., RAGAB, M. T. and RAMADAN, I. A. Effect of rebreeding on lamb production. (With One Text-figure) . . . . .	351
BLAIR, R. and BOLTON, W. Growth of broilers on diets containing field beans ( <i>Vicia faba</i> L.) . . . . .	355
DEVINE, J. R., GUNARY, D. and LARSEN, S. Availability of phosphate as affected by duration of fertilizer contact with soil . . . . .	359
BENNISON, R. H. and EVANS, D. D. Some effects of crop rotation on the productivity of crops on a red earth in a semi-arid tropical climate. (With Four Text-figures) . . . . .	365
MINSON, D. J. and MILFORD, R. Equipment and housing for intake and digestibility studies with large numbers of wethers. (With One Plate). . . . .	381
LAST, P. J. and TINKER, P. B. H. Nitrate nitrogen in leaves and petioles of sugar beet in relation to yield of sugar and juice purity. (With Eight Text-figures) . . . . .	383
THOMSON, A. J. and ROGERS, H. H. Yield and quality components in maize grown for silage. (With Four Text-figures) . . . . .	393
TALIBUDEEN, O. and DEY, S. K. Potassium reserves in British soils. II. Soils from different parent materials. (With Five Text-figures) . . . . .	405
HOLLIDAY, R. and DRAYCOTT, A. P. Effect of placement of liquid and solid fertilizer on the growth and yield of potatoes. (With Two Text-figures) . . . . .	413
LIVINGSTONE, R. M. and LIVINGSTON, D. M. S. Copper sulphate and antibiotics as feed additives for early weaned pigs . . . . .	419
WILLIAMS, D. R. A comparison between a method of jointing meat carcasses based upon their anatomical structure and a method based upon standardized butchering practice. II. Comparison of the uniformity of results . . . . .	425

CONTENTS

Vol. 71 Part 3 December 1968

	PAGE
GUNASENA, H. P. M. and HARRIS, P. M. The effect of the time of application of nitrogen and potassium on the growth of the second early potato, variety Craig's Royal. (With 10 Text-figures)	283
WILLIAMS, D. R. A comparison between a method of jointing meat carcasses based upon their anatomical structure and a method based upon standardized butchering practice. I. Description of the jointing methods. (With 3 Text-figures)	297
FIELD, A. C., SUTTLE, N. F. and GUNN, R. G. Seasonal changes in the composition and mineral content of the body of hill ewes	303
WALKER, N., HOLME, D. W. and FORBES, T. J. The effect of rate of gain during the growing and finishing periods on the feed efficiency and carcass composition of the pig. I. Rate of gain during the growing period from 18 to 57 kg live weight	311
WALKER, N., HOLME, D. W. and FORBES, T. J. The effect of rate of gain during the growing and finishing periods on the feed efficiency and carcass composition of the pig. II. Contrasting patterns of growth produced by different rates of gain from 20 to 55 kg and 55 to 87 kg live weight. (With 1 Text-figure)	319
OWEN, J. B. and RIDGMAN, W. J. The design and interpretation of experiments to study animal production from grazed pasture. (With 7 Text-figures)	327
CANNELL, R. Q. and JOBSON, H. T. The relationship between yield and digestibility in spring varieties of barley, oats and wheat after ear emergence. (With 1 Text-figure)	337
DONEY, J. M. and RUSSEL, A. J. F. Differences amongst breeds of sheep in food requirements for maintenance and live-weight change. (With 1 Text-figure)	343
SHARAFELDIN, M. A., RAGAB, M. T. and RAMADAN, I. A. Effect of rebreeding on lamb production. (With 1 Text-figure)	351
BLAIR, R. and BOLTON, W. Growth of broilers on diets containing field beans ( <i>Vicia faba</i> L.).	355
DEVINE, J. R., GUNARY, D. and LARSEN, S. Availability of phosphate as affected by duration of fertilizer contact with soil	359
BENNISON, R. H. and EVANS, D. D. Some effects of crop rotation on the productivity of crops on a red earth in a semi-arid tropical climate. (With 4 Text-figures)	365
MINSON, D. J. and MILFORD, R. Equipment and housing for intake and digestibility studies with large numbers of wethers. (With 1 Plate)	381
LAST, P. J. and TINKER, P. B. H. Nitrate nitrogen in leaves and petioles of sugar beet in relation to yield of sugar and juice purity. (With 8 Text-figures)	383
THOMSON, A. J. and ROGERS, H. H. Yield and quality components in maize grown for silage. (With 4 Text-figures)	393
TALIBUDEEN, O. and DEY, S. K. Potassium reserves in British soils. II. Soils from different parent materials. (With 5 Text-figures)	405
HOLLIDAY, R. and DRAYCOTT, A. P. Effect of placement of liquid and solid fertilizer on the growth and yield of potatoes. (With 2 Text-figures)	413
LIVINGSTONE, R. M. and LIVINGSTON, D. M. S. Copper sulphate and antibiotics as feed additives for early weaned pigs	419
WILLIAMS, D. R. A comparison between a method of jointing meat carcasses based upon their anatomical structure and a method based upon standardized butchering practice. II. Comparison of the uniformity of results	425

SUBSCRIPTIONS. Two volumes of three parts are published annually. The subscription price is £4. 10s. net (U.S.A. \$16.00) per volume (post free); single parts are available at 40s. net (U.S.A. \$6.00) plus postage. Orders or enquiries may be sent to any bookseller or subscription agent, or to Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1. (U.S.A. and Canada, Cambridge University Press American Branch, 32 East 57th Street, New York, N.Y. 10022, U.S.A.)
