An Important Notice About

FOREIGN POLICIES IN A WORLD OF CHANGE

We regret that publication of Black & Thompson's FOREIGN POLICIES IN A WORLD OF CHANGE has been delayed by a strike at the printery. It will probably be published August 15; this means that it will be ready for Fall classes.

Other New Harper & Row Texts

INTERNATIONAL POLITICS

Norman Hill

This basic text for undergraduate courses in international relations stresses fundamentals of the subject—facts, forces, and principles of action which bear on international politics—rather than elaborating on transient events and controversies. Shorter and more workable than the average text, it includes international relations concepts often neglected by other books, and gives more attention to the cold war as a form of conflict. 458 pp. \$7.00.

AFRICA IN WORLD POLITICS

Vernon McKay

Here is the first comprehensive analysis of the nature and significance of Africa's rapidly multiplying contacts with Europe, Asia, and the Americas. The combined internal and external pressures which precipitated the quick rise of Africa on the world scene, the major African issues in international relations, and Africa's import in the modern world are analyzed and explored. Suggested ideas and topics for research and analysis; illustrative charts and tables; chapter-by-chapter list of sources. 454 pp. \$6.75.

PUBLIC PERSONNEL ADMINISTRATION, Fifth Edition

O. Glenn Stahl

*A Revision of an Earlier Work by William E. Mosher,
J. Donald Kingsley, O. Glenn Stahl*

This widely used textbook clearly expresses conclusion and conviction on policy issues, bolstered with facts and reasoning. Treating philosophy and principles fully, it reflects the practical experience and insights of the author. All the chapters for this Fifth Edition have been updated to reflect the latest prevailing policy thinking. The first three chapters have been completely reorganized and rewritten, giving more attention to environmental considerations. 532 pp., Text Edition, \$7.25 (available for quantity sale to schools and colleges only).
