The Tenth in a series of Successful National Annual Conferences on
Obstetrics/Pediatrics/Gynecologic Practice and the Law.

The Conference will be chaired by AUBREY MILUNSKY, MBBch, DSc,
FRCP, DCH, Director of Boston University's Center for Human Genetics.

MAUI: "The Valley Island"...Here you will find jungles of wild guava, meadows of fragrant white ginger, ancient taro plantations and serene vistas of mountain slopes. From miles of unspoiled golden beaches and blue seas to a 10,000-foot dormant volcano. Maui offers a mellow blend of island charm and cosmopolitan grace. Stroll the streets of Lahaina Town for a reminiscent look at life in the 1800s. Head for the hills and a striking view of Iao Needle. Swim in the Seven Pools near Hana or ride a sugar cane train that now carries passengers. Wind your way along the spectacular coast roads or up the slopes of Haleakala and you'll begin to understand why they say "Maui No Ka Oi," Maui is the best.

FOUR SEASONS RESORT...This luxurious resort rests on 15 acres along the largest and most beautiful of Wailea's beaches, overlooking the rolling surf of the Pacific. The courtyards and terraces, magnificent gardens and flowering trees provide an atmosphere suggestive of gracious island plantation living. Wailea's ideal climate and natural amenities offer boundless leisure enjoyment. Tennis enthusiasts may choose from 16 courts, 2 at the Four Seasons and 14 at the Wailea Tennis Center just minutes away. Golfers will enjoy the Wailea Golf Club's two 18-hole championship courses, both of which offer panoramic views of ocean, mountains and neighboring islands. For those who love the water, the Four Seasons Resort offers a rich variety of sports and activities: choose from two swimming pools or the pristine beach. The Four Seasons brings to Maui new levels of gracious service and attention to detail in accommodations and cuisine.

The following amenities are offered to hotel guests on a complimentary basis:

- DAY CARE DAILY 9AM TO 5PM FOR CHILDREN 5-12 YEARS
- SNORKELING ONE HOUR DAILY INCLUDING EQUIPMENT

THE SOCIETY

The American Society of Law, Medicine & Ethics is an international organization dedicated to continuing medicolegal education. The membership services of the Society provide attorneys, physicians, nurses, ethicists, hospital administrators, allied health professionals, and students with a variety of opportunities to keep abreast of new developments in law, medicine, and bioethics.

PUBLICATIONS

Membership in the American Society of Law, Medicine & Ethics includes annual subscriptions to two quarterly publications: *The Journal of Law, Medicine & Ethics* and the *American Journal of Law & Medicine*.

The Journal of Law, Medicine & Ethics is read by over 6,500 doctors, lawyers, nurses, ethicists, hospital administrators, allied health professionals, and students. It provides well-written and often controversial articles on such timely medicolegal issues as assisted suicide, AIDS, and reproductive rights. Each issue also features review essays on significant recent publications, cases, and policy decisions.

The *American Journal of Law & Medicine* is a law review co-published with the Boston University School of Law. The Journal was founded to fulfill the need for a scholarly journal dedicated to improving communication among legal and medical professionals. Each issue contains scholarly articles written by national authorities, book reviews, annotations of recent health care-related court decisions and legislative enactments.

In conjunction with several publishing houses, the Society has published a number of books. Each text includes edited, supplemented, and footnoted versions of papers presented to the conference the book was based upon, as well as seminal articles on the topic.

SUBMISSION OF MANUSCRIPTS

The Editors encourage the submission of manuscripts on a wide range of medicolegal topics for publication in the JOURNAL. Acceptable subjects include health law and policy; legal, ethical, social, and economic aspects of medical practice, education, and research; health-related insurance; and other important or interesting subjects involving the relationship of the life sciences to the social sciences and humanities. The JOURNAL is interdisciplinary. Contributions from specialists in a variety of disciplines are welcomed. All materials should be sent to the Editor-in-Chief, AMERICAN JOURNAL OF LAW & MEDICINE, Editorial Offices, 765 Commonwealth Avenue, 16th Floor, Boston, Massachusetts 02215.

GENERAL FORM: Manuscripts should be typewritten on one side of the paper only, with triple spacing and liberal margins. Manuscripts should be submitted in *triplicate*, i.e., an *original* and two Xerox copies. The title of the paper and the author's name and address should be given on a covering sheet.

ABSTRACT: A short abstract (normally not exceeding 200 words), succinctly summarizing the content of the manuscript, should accompany the manuscript on a separate sheet. If the manuscript is accepted, the abstract will be published along with the manuscript.

REFERENCES: Footnotes to sources should be numbered consecutively and placed on triple-spaced pages at the end of the text. All footnotes should conform to *A Uniform System of Citation* (15th ed.), published and distributed by the Harvard Law Review Association, Gannett House, Cambridge, Massachusetts 02138. Nonlawyers unfamiliar with this system should follow the citation form accepted in their field and the Editors of the JOURNAL will make the appropriate modifications if the paper is published.

ILLUSTRATIONS: Illustrations and tables accompanying manuscripts should be numbered, provided with suitable legends, and marked lightly on the back with the author's name. Authors should indicate on the manuscript the appropriate positions of tables and text figures. Special arrangements must be made with the Editor-in-Chief for color plates, elaborate tables, half-tone illustrations or extra illustrations, drawings, and photographs.

SELECTION AND EDITING TIMETABLE: Receipt of manuscript will be acknowledged within one week of receipt. Authors will be notified of the manuscript's acceptance or rejection within one to three months, and accepted manuscripts will be published within three to eight months of acceptance.

PROOFS AND AUTHOR REPRINTS: Because of time pressures, printer's proofs of articles accepted for publication will *not* be made available to authors. Orders for reprints, for which a fee is charged, must be communicated at least one month prior to publication.

RETURN OF MANUSCRIPTS: Upon request of the author and upon receipt of a suitable envelope stamped with adequate postage, the Editor-in-Chief will return to the author the original of any manuscript not accepted for publication.
