About the African Studies Association

Established in 1957, the African Studies Association is the largest organization in the world devoted to enhancing the exchange of information about Africa. Our members include scholars, students, teachers, activists, development professionals, policy makers, donors and many others. We encourage interdisciplinary interactions with Africa. We provide access to pathbreaking research and key debates in African studies. We bring together people with scholarly and other interests in Africa through our annual meeting and seek to broaden professional opportunities in the field of African studies. The organization publishes two leading interdisciplinary journals on Africa, *African Studies Review* and *History in Africa* and promotes an informed understanding of Africa to the public and in educational institutions as well as to businesses, media, and other communities that have interests in Africa.
