

BIOGRAPHICAL NOTES

In Vol. I, Part II and IV of the ASTIN Bulletin the personal and actuarial careers and the interests of the members of the ASTIN Committee and the editorial panel were presented. We continue our biographical notes with two other members.

LONGLEY-COOK, LAURENCE H., M. A. Cambridge University, England, Vice President of the Casualty Actuarial Society, Fellow of the Institute of Actuaries, Associate of the Society of Actuaries, Fellow of the Royal Statistical Society. Up to 1949 served on the Actuarial staff of the Prudential Assurance Company in England. From 1949 Actuary to the Insurance Company of North America, Philadelphia, Pennsylvania, U.S.A. Joint author (with P. F. Hooker) of the two-volume textbook on Life Contingencies published by the Institute of Actuaries. Author of a number of studies on fire insurance rate making in the U.S.A. Served in the war as a Lieutenant Commander in the British Royal Navy. Author of a book of mathematical puzzles, "Work This One Out", published by Ernest Benn, London.

OTTAVIANI, GIUSEPPE, Directeur de "L'Istituto di Scienza attuariali"; professeur de mathématiques financières et actuarielles à l'Université de Rome; membre expert de la "Commissione Consultiva per le Assicurazioni private" auprès du „Ministero dell'Industria e del Commercio"; directeur du „Giornale dell'Istituto Italiano degli Attuari"; actuaire consultant d'un Institut d'assurances libres sur la vie et de nombreuses caisses de retraite.

Son activité professionnelle s'est déployée principalement dans les domaines de l'analyse mathématique, des mathématiques financières, des mathématiques actuarielles — tant des assurances libres sur la vie que des assurances contre les dommages et des assurances sociales —, du calcul des probabilités et de la statistique mathématique.
