The Journal of Laryngology and Otology

(Founded in 1887 by MORELL MACKENZIE and NORRIS WOLFENDEN)

EDITED BY
WALTER HOWARTH

ASSISTED BY
V. E. NEGUS AND F. W. WATKYN-THOMAS

1. Original Articles are accepted on the condition that they have not been published elsewhere.
2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.
3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.
4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.
5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.
6. Editorial Communications should be addressed to "EDITOR, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."
7. The Annual Subscription is Forty Shillings, post free, and is payable in advance.
8. Single copies of back numbers, both of the present and the previous series, are on sale at Four Shillings each.
9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings each.

UNITED STATES OF AMERICA

Orders for this Journal, for single parts or yearly subscriptions, can be sent either through a local bookseller, or to Messrs G. E. STECHERT & Co., 31-33 East 10th Street, New York.

IODIZED THROAT LOZENGES

An efficacious combination of Menthol, Iodine, Carbolic Acid, Formalin, etc. for the prevention and cure of Sore Throat. Used with marked success in all septic Throat and Mouth Affections, and invaluable in such cases as Catarrh, Quinsy, Laryngitis, &c.

IODIZED Butter Scotch TABLETS

THE NEW IODINE TREATMENT.

Each Tablet contains a definite and easily digestible dose of Iodine—equivalent to $\frac{1}{10}$ grain.

One (sucked slowly) three or four times a day.

TRADE MARK

NASAL CAPSULES
VOCAL-ZONE (BRAND)
 FOR NOSE, EAR,
 THROAT & LUNGS

A most valuable Antiseptic Liquid Paraffin Composed of Menthol, Carbolic, Oil Pini, Cinnamon, etc.

MEGGESON & CO LIMITED
 LONDON
 ESTABLISHED OVER 130 YEARS.

The Practitioner, August, 1931.—These nasal capsules of Messrs. Meggeson form an ingenious method of applying oily drops to the nasal mucosa. The contents consist of Menthol, Carbolic, Ol. Pini and Cinnamon in liquid paraffin, and are well calculated to be of value in the treatment of nasal catarrh, colds, laryngitis, hay-fever, etc.

The Medical Press and Circular, July 8th, 1931.—These capsules are intended for all affections of the respiratory tract. . . . They are pleasant and efficacious.

Manufactured by
MEGGESON & COMPANY, LTD.
 Bermondsey, LONDON.

Makers of Medicated Lozenges and Pastilles for over 130 years.

These Capsules are also made specially for the East and the Tropics.

ROGERS' STANDARD SPRAYS

HAVE A
WORLD-WIDE REPUTATION
For Efficiency & Reliability.

They are made in many forms, scientifically designed for
NASAL, PHARYNGEAL, POST-NASAL
and **LARYNGEAL TREATMENT.**

Particulars gladly supplied on request.

Sole Manufacturer—

FRANK A. ROGERS (LATE OF OXFORD ST.)

1, Beaumont Street, London, W.1.

CHEVALIER JACKSON'S INSTRUMENTS FOR ŒSOPHAGOSCOPY, LARYNGOSCOPY, AND BRONCHOSCOPY

New Models as made for Walter G. Howarth, F.R.C.S.

Each Instrument is made in accordance with the details of Chevalier Jackson's most recent models, and each is supplied with a *spare light carrier*, i.e., 2 light carriers and 2 lamps. All the models have been redesigned with a view to rendering them more easily cleansed; all the crevices and corners for the dirt have been taken away.

To ensure better visibility the tips of the forceps are *black*.

The Howarth-Jackson's Instruments are **less expensive than other American or English models**, and a further economy has been effected by rendering the instrument tips interchangeable, thus reducing the number of forceps handles and tips required.

The lamps are 2.5 volt and more durable than the usual models.

Manufactured only by

DOWN BROS., L^{TD.}

SURGICAL INSTRUMENT MAKERS

21 and 23 ST THOMAS'S STREET

LONDON, S.E. 1

(Opposite Guy's Hospital)

Telegrams—"DOWN, LONDON."

**WHY YOU SHOULD
PRESCRIBE**

DeVilbiss

SPRAY N°15

First, because it conforms to the specifications of nose and throat specialists. Second, because the adjustable gold tip permits spraying in any direction. Third, because all parts are interchangeable and may be sterilised by boiling or passing the tip through a flame. Write for fully illustrated catalogue of all DeVilbiss models—post free on request.
