PROPOSALS  
NOW OPEN

Association for Asian Studies

The Tang Center for Early China at Columbia University was founded in 2015 through a generous endowment gift from Oscar Tang and Agnes Hsu-Tang. The Tang Center is dedicated to the advancement of the understanding of the richness and importance of early Chinese civilization as a part of a broader common human heritage. It is committed to doing so through both solid scholarship and broad public outreach. The Tang Center sponsors a variety of conferences, workshops as well as public lectures each year including the Columbia Early China Seminar. The Tang Center is especially interested in supporting research initiatives that aim to examine newly discovered paleographic and textual material as well as artifacts, and in promoting the role of archaeology as a path to understand the past.

## Call for Applications

### The Tang Post-Doctoral Research Award in Early China Studies

The Tang Center for Early China offers one Post-Doctoral Research Award in the amount of \$15,000 each year in recognition of outstanding research projects in early Chinese civilization or in archaeology.

### The Tang Visiting Scholar's Fellowship

The Tang Center offers Visiting Scholar's Fellowship each year to one scholar for an in-residence research period of 10 months at Columbia University, or to two scholars for a period of 5 months each, depending on the need of the proposed projects. The applicant must be non-US based.

### Workshop and Conference Grants

The Tang Center offers grants in the amount of \$13,000 each to up to two workshop and/or conference proposals each academic year, depending on the scale. Each workshop or conference should have an identified central problem or theme on which the papers will focus. Alternatively, the workshop/conference can be centered on a newly discovered corpus of materials or manuscripts, or on an important archaeological site, or a region.
