Stones of Empire

The Buildings of the Raj

Jan Morris

With photographs by Simon Winchester

Jan Morris's text and Simon Winchester's photographs form a unique personal and historical record of the whole range of construction under the Raj, from the homely to the majestic. In both words and illustrations the buildings are treated not simply as physical objects, but as reflections of the mingled emotions of British imperialism, at once arrogant and homesick. With this book as their guide, travellers to India, as well as armchair voyagers, can experience an enterprise in architecture, engineering, and social adaptation that is unparalleled in the history of empires.
