

ANNOUNCEMENT
CHANGES IN *JFQA* SCHEDULE

Several changes will be made in the schedule of *JFQA* issues. In November 1974 a proceedings issue with papers from June 1974 WFA meetings will be published. The December 1974 will be a regular, not a special, issue.

Starting in 1975 four regular issues of the *JFQA* will be published in March, June, September, and December. A proceedings issue will be published about six months after the respective WFA meeting takes place. Since its publication date will depend on the date of the meeting, it could come out, for example, in November following a June meeting or in February following an August meeting, etc. The *JFQA* will no longer have a "regular" special issue, but may occasionally devote a single issue to a topic of current interest. The March 1975 issue will be largely devoted to Business Investment Policy as previously announced; however, papers on other topics may also be included depending on the number of papers dealing with business investment which have been accepted.
