

ARGENTINA 1516-1982

David Rock

From the colonization period to the Falklands War, this comprehensive history of Argentina by prize-winning author David Rock fills an important gap in a field where remarkably little has been published. The author, in addition to undertaking an extensive historical study, provides invaluable insights into the background of the political, social, and economic institutions of Argentina.

"The best general history of Argentina from its Spanish Colonial origins in the 16th Century to the most recent military dictatorship 1976-83. It replaces earlier histories and becomes the standard work in English on the subject."

Leslie Bethell, University College, London and Editor of the
Cambridge History of Latin America.

THE LAST TWO YEARS OF SALVADOR ALLENDE

by Nathaniel Davis

The author, retired U.S. Ambassador in Chile during Allende's presidency and downfall, gives surprisingly candid inside information on the U.S. involvement in attempts to subvert the Marxist president. An important and fascinating new perspective on Allende and U.S. activity in Latin American politics.

"This book provides a balanced perspective and an objectivity that is absent in much of the other writings on the subject. It is likely to be one of the definitive treatments of the Allende period."

Paul E. Sigmund, Princeton University

The United States and Mexico

JOSEFINA ZORAIDA VÁZQUEZ & LORENZO MEYER

Throughout its history, Mexico has played a tremendously important role in American foreign policy. At a time when that role is coming under close scrutiny, Josefina Zoraida Vázquez and Lorenzo Meyer offer unique insights into the development of Mexican-United States relations. They recreate, from a distinctly Mexican perspective the dramatic story of how one country's politics, economy and culture have been influenced by its neighbour.

The Brazilian Empire: Myths and Histories

EMILIA VIOTTI DA COSTA

These engaging essays offer an unusual opportunity to view Brazil's history through the eyes of a Brazilian scholar. Emilia Viotti da Costa, bringing together political history and social and ideological concerns, presents a comprehensive survey and critical evaluation of nineteenth century Brazilian society and the role of the elites.

CONQUEST AND SURVIVAL IN COLONIAL GUATEMALA

A Historical Geography of the Cuchumatán Highlands, 1500–1821

W. George Lovell

The native peoples of the Cuchumatanes, descendants of the ancient Maya, succumbed to Spanish domination only after prolonged, fierce, and bloody resistance. This study charts the course of that domination, and of the eventual destruction of the native culture, not so much from war as from diseases introduced by the Spaniards against which the Cuchumatán Indians, like natives throughout North America, had no defence.

“An unusually detailed, critical reconstruction ... excellent.”

– *Woodrow Borah, University of California, Berkeley*

**“An epic book...
a lyrical and savage
dialogue with the unknown
underside of Latin America.”**

—ARIEL DORFMAN

“Is this the Great American Book? *Memory of Fire: Genesis* is an extraordinary new venture, a spiritual and political reliving of the past... What marvelous and frightening ancestors Galeano gives us!”—JOSE YGLESIAS

“Defies classification... shows an entirely new direction to all the good writing that has

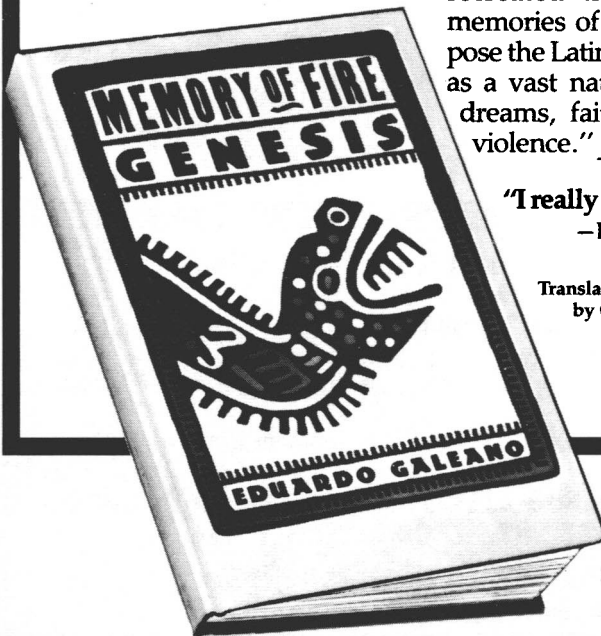

been coming out of Latin America... It is creation by recreation, much in the way that Homer and other traditions come down to us.”

—GREGORY RABASSA

“A powerful statement, converting history into a living testimony of the convulsions that have shaken the region since its birth. Galeano has recreated the myths and memories of the past to expose the Latin American soul as a vast natural mosaic of dreams, faith, deceit, and violence.”—ALAN RIDING

“I really like this book.”
—DORIS LESSING

“This book is not only one of the best assessments of the Manley regime, but one of the best country studies I have read.”

—Orlando Patterson, *Harvard University*

Democratic Socialism in Jamaica

The Political Movement and Social Transformation in Dependent Capitalism

Evelyne Huber Stephens and John D. Stephens

Questioning those who assert that progress in Latin America and the Caribbean is impossible without a complete break with the capitalist system, this book presents an extensive analysis of Michael Manley's People's National Party government in Jamaica (1972–80) and its attempt at democratic socialist development. The authors examine the implications of the Manley experience for similar efforts elsewhere in the region, and they argue that some of Manley's reform policies were successful and profoundly affected Jamaican society and the country's external relations, despite conditions unfavorable to democratic socialist change in Jamaica and despite the PNP's decisive election defeat in 1980.

NOTES FOR CONTRIBUTORS

Journal of Latin American Studies is published twice a year under the academic sponsorship of the Centres or Institutes of Latin American Studies at the University of Cambridge, Essex, Glasgow, Liverpool, London and Oxford.

The scope of the journal is the study of Latin America from the standpoint of the social sciences, including anthropology, archaeology, economics, geography, history, international relations, politics, sociology, etc., though it is not concerned with linguistic or literary studies.

Editorial policy avoids commitment to any political viewpoint or ideology, but welcomes free discussion of such issues in the Latin American context, on the understanding that all responsibility for opinions expressed rests exclusively with the author concerned and not with either the journal or its editors.

Contributions are invited from all parts of the world. Articles should generally not be more than 8,000 words long, and two copies, typed with double-spacing, should be submitted. Diagrams and maps may be included by arrangement with the editors. The journal is published in English, but articles written in other languages may be considered, and arrangements made as required for translation into English. Contributors should keep one copy of the typescript for use in correcting proofs.

All contributions and editorial correspondence should be addressed to *Journal of Latin American Studies*, Institute of Latin American Studies, 31 Tavistock Square, London, WC1H 9HA.

Each contributor will receive, free of charge, 25 offprints of the article and a copy of the issue of the journal in which it appears.
