

**NEW FROM YALE****Civil Disobedience and Political Obligation*****A Study in Christian Social Ethics*****by James F. Childress**

Too often it has been assumed that civil disobedience requires no justification in the wake of revolutionary violence. While observing that such resistance usually occurs in situations where objectivity is difficult to attain, Mr. Childress insists that intellectual justification is necessary. Supporting his analysis with specific examples which range from Thoreau to Gandhi to the Catonsville 9, he has written an exploratory examination of this phenomenon in the light of theological-ethical reasoning.

**The French Communist Party versus the Students*****Revolutionary Politics in May-June 1968*****by Richard Johnson**

In an outstanding Yale undergraduate essay, Richard Johnson shows that the events of May-June 1968 are indication of the ultimately unbridgeable gap between contemporary communism in Western Europe and revolutionary thought and action. The author was in Paris at the time of the rebellion and therefore bases his analysis on firsthand observation as well as an extensive study of the pertinent literature. ". . . well written with a scholar's sensitivity for bibliographic support and analytical insight . . . a first-rate book on a fascinating subject."—Thomas H. Greene

**The Children of Pride*****A True Story of Georgia and the Civil War*****edited by Robert Manson Myers**

This intimate record of a Georgia plantation family brings to life a proud but flawed society from its halcyon antebellum days through the shattering climaxes of defeat and occupation. Nowhere has the impact of the Civil War upon the South been portrayed with more immediacy than in these 1200 letters by the family and friends of the Reverend Dr. Charles Colcock Jones of Liberty County, Georgia. Arranged by Robert Manson Myers into a chronological narrative of the crucial years between 1854 and 1868, they read like an epistolary novel. The collapse of a civilization is a momentous thing. In *The Children of Pride* it pursues its inexorable course day by day, with the actors in the drama unaware of their destiny. Only the reader perceives the tragic ironies. **\$19.95**

**Polyarchy*****Participation and Opposition*****by Robert A. Dahl**

Given a regime in which the opponents of the government cannot openly and legally organize into political parties in order to oppose the government in free and fair elections, what conditions favor or impede a transformation into a regime in which they can? This is the question to which Robert Dahl addresses himself in this new and important study of democracy in theory and in action. "Dahl has collected fascinating data, and he speaks with a reasoned civility that makes dialogue possible."—Michael Harrington, *The New York Times*

WELTANSCHAUUNG\*

(THERE'S AN AMERICAN WORD FOR IT, TOO...)

\**(Welt'ân ahsou'ôông)*, n. German. A comprehensive conception or image of civilization and of the universe and of man's relation to it.

# EW WORLDVIEW WO DVIEW WORLDVIEW WORLI WORLDVIEW

It doesn't matter how you say it. The word makes our point: If we are going to understand what's happening around us, we must have a worldview, an overall picture into which all the pieces fit.

In *Worldview* this comprehensive picture includes ethics, morals and religious values. The editors believe that any analysis of our present cultural and political problems which ignores this moral dimension is at best incomplete—at worst, misleading. What is changing America and the world is nothing less than a *cultural crisis* which is reshaping the little examined ethical and religious values underlying social reality.

*Worldview* grapples with the policy and the premise, the is and the ought of public issues.

trying to define the vital links between American interests and American obligations, between world politics and moral imperatives. *Worldview* aims to sharpen the analysis that shapes the action. How? By lively and deliberate dialogue. Among the strong opinions of *Worldview's* editors is that opposing opinions must be heard.

*Worldview* is directed to that reader who, at a time of confrontation, believes in the value of dialogue; who, in the face of apocalyptic assertion, is willing to search for the better course; and who, when political action is widely being discredited, affirms the necessity and value of politics. If you are this kind of reader, *Worldview* is your magazine.
