

LOOK AGAIN...

Just for Fun!

See if you can find the 8 differences in each set of images.

Enchanted Forest

Transmission electron micrograph from the study of Ti-Al-Nb intermetallics.

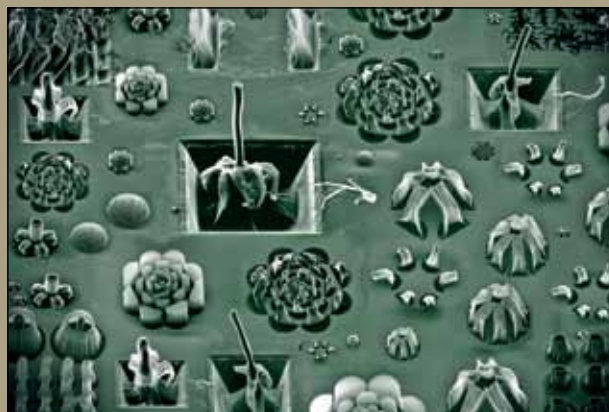

Leonid Bendersky, National Institute of Standards and Technology, USA

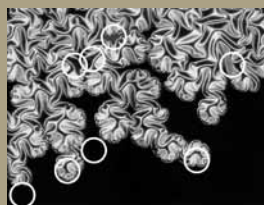

NanoEden3

Garden of Carbon NanoEden.

Michael De Volder, Sameh Tawfik, and A. John Hart, University of Michigan, USA

Answers will be in the December issue or on www.mrs.org/LookAgain_Oct10

September 2010 answer key

Images on the top were submitted to the Materials Research Society "Science as Art" competition (www.mrs.org/scienceasart). Images on the bottom were modified in Adobe Photoshop for this "Look Again" activity.
