On page 347, in Eq. (20) the expression:

$$\frac{Q}{D^2} = \frac{(\Gamma - 1)}{2(\Gamma + 1)^2}$$

should be replaced by:

$$\frac{Q}{D^2} = \frac{1}{2(\Gamma^2 - 1)}.$$

All other calculations in the paper are based on the correct expression provided in this Corrigendum.
