FUNGI AND ECOLOGICAL DISTURBANCE

Edited by L. BODDY, R. WATLING and A. J. E. LYON

Symposium 14

Proceedings of the Symposium organised by the
Ecology Special Interests Committee of the
British Mycological Society
and held at the University of Sheffield,
21–23 September 1987

FUNGI AND ECOLOGICAL DISTURBANCE

A symposium organised by the Ecology Special Interests Committee of the British Mycological Society and held at the University of Sheffield, 21–23 September 1987

Chairmen and Discussion Leaders:

R. C. COOKE, Department of Botany, University of Sheffield.

A. J. E. LYON, Department of Botany, University of Sheffield.

D. H. LEWIS (President-elect 1988), Department of Botany, University of Sheffield.

R. WATLING (President 1987), Royal Botanic Garden, Edinburgh.

CONTENTS

Introduction	xi
by ROY WATLING and LYNNE BODDY	
DESTRUCTIVE DISTURBANCE	
A view of disturbance and life strategies in fungi	3
by G. J. F. PUGH and LYNNE BODDY	
The effects and implications of disturbance of mycorrhizal mycelial systems	13
by D. J. READ and C. P. D. BIRCH	
Ecological consequences of arthropod grazing on VA mycorrhizal fungi	25
by T. P. MCGONIGLE and A. H. FITTER	
Early patterns of heterotroph activity in conifer logs	33
by STEVEN E. CARPENTER, MARK E. HARMON, ELAINE R. INGHAM, RICK G. KELSEY, JOHN D. LATTIN and TIMOTHY D. SCHOWALTER	
The coprophilous fungus succession: a model system – <i>abstract</i>	45
by JOHN WEBSTER	
The coprome: another model system – <i>abstract</i>	47
By R. C. COOKE, H. O. SAFAR and S. N. WOOD	
Larger fungi and some of earth's major catastrophies	49
by ROY WATLING	
Fungi in Surtsey soils – <i>abstract</i>	61
by ELISABET HENRIKSSON and LARS ERIC HENRIKSSON	
Re-establishment of VA mycorrhizas following severe disturbance: comparative patch dynamics of a shrub desert and a subalpine volcano	63
by MICHAEL F. ALLEN	
Redevelopment of biological activity in strip-mine spoils: saprotrophic fungal assemblages of grass roots	73
by JOHN C. ZAK	
Redevelopment of biological activity in stripmine spoils: saprotrophic fungi – <i>abstract</i>	85
by SUZANNE VISSER	

Contents

Parallels in the development of post-fire fungal and herb communities by D. T. WICKLOW	87
Effects of point source atmospheric pollution on fungal communities by M. WAINWRIGHT	97

ENRICHMENT DISTURBANCE

Microbial degradation of leaf litter in freshwater streams: effect of low pH – <i>abstract</i> by ANNE-CAROLE CHAMIER	107
Colonisation of hair in disturbed soils by H. T. TRIBE	109
Patterns of fungal colonisation of cereal straw in soil by NARESH MAGAN	119
A comparison of fungal communities in straw decomposing in different soil types and under different cultivation practices by R. M. BOWEN and S. H. T. HARPER	127
Effect of straw addition on composition and activity of soil microbial biomass by K. KILLHAM, A. H. SINCLAIR and M. F. ALLISON	135
Disturbance, decomposition and patchiness in thatch by J. J. H. KIRBY and A. D. M. RAYNER	145
Grain storage: the management of ecological change – <i>abstract</i> by J. LACEY	155
The effect of ecological disturbance on competition between <i>Crinipellis</i> <i>perniciosa</i> and other tropical fungi by ELIZABETH BRAVO-VELASQUEZ and JOHN HEDGER	159
Fungal strategies in ecological perspective by J. P. GRIME	167

ABSTRACTS OF POSTER EXHIBITS, FIELD EXCURSION, ETC.

Floristic diversity in a model system using experimental microcosms by J. P. GRIME, J. M. L. MACKAY, S. H. HILLIER and D. J. READ	173
Distribution of salt-tolerant fungi and bacteria along a recently landfilled and reclaimed sea wall by J. A. HARRIS, S. J. WRIGHT and P. BIRCH	173
Distribution of <i>Conidiobolus</i> and <i>Basidiobolus</i> in managed ecosystems by I. J. HOPKINS	174
Mycorrhizal birch and toxic mine spoil by R. L. EVANS and A. SYLVESTER	175
The interaction of harvester ant activity and VA mycorrhizal fungi by C. F. FRIESE and M. F. ALLEN	176
Effect of atmospheric sulphur dioxide on the phylloplane fungi of cereals by N. MAGAN and A. R. MCLEOD	176
The role of VA mycorrhizas in soil disturbance – included reduction of phosphorus absorption by young maize plants by D. G. EVANS	177

Contents

A new automatic electrolytic respirometer by H. T. TRIBE and P. MAYNARD	178
Field excursion report	183
Contributors	185
Index	187

(Issued 18th November 1988)
