

GENERAL NOTES

LOGAN TURNER PRIZE

THIS prize was founded by the late Dr. Logan Turner to commemorate his editorship of the Journal. The value of the prize is £100 and the subject is

THE PLACE AND MANAGEMENT OF TRACHEOSTOMY IN RESPIRATORY INSUFFICIENCY

The Essay should be not less than 10,000 words and should be sent to the Editor by June 1st, 1960.

ROYAL COLLEGE OF SURGEONS OF ENGLAND

OTOLARYNGOLOGY LECTURES 1959

THE following lectures, arranged jointly by the Royal College of Surgeons of England and the Institute of Laryngology and Otology, will be delivered in the Lecture Hall of the College, at 5.30 p.m.

1959

April 30th. PROFESSOR MARTIN RUSHTON. "Cystic conditions of the upper jaw."

July 2nd. DR. DENIS HILL. "The value of electro-encephalography in diagnosis."

UNIVERSITY OF EDINBURGH

FACULTY OF MEDICINE

THE LLEWELLYN BEVAN PRIZE

THIS prize of the value of about £80 will be open for award in 1959 to a Graduate in Medicine of the University of Edinburgh for the best and approved Essay on the Pathology and Treatment of Ménière's or other Disease of the Internal Ear.

Essays in competition for the Prize must be submitted not later than *October 31st, 1959*, to the Dean of the Faculty of Medicine, University, Teviot Place, Edinburgh, 8.

General Notes

THE INSTITUTE OF LARYNGOLOGY AND OTOTOLOGY

330-332 GRAY'S INN ROAD, LONDON, W.C.1.

GUEST LECTURES

at an advanced level

open to all members of the Specialty and to postgraduate students (whether enrolled students of the Institute or not)

Thursday, 30th April, 1959, 5.30 p.m., at the Royal College of Surgeons
"Cystic conditions of the upper jaw." PROFESSOR MARTIN RUSHTON (Guy's Hospital Medical School).

Saturday, 2nd May, 1959, 11.30 a.m.

"Acoustic stimulation of nerve fibres." PROFESSOR ANDRE DJOURNO (Paris).

Thursday, 2nd July, 1959, 5.30 p.m., at the Royal College of Surgeons

"The value of electro-encephalography in diagnosis." DR. DENIS HILL (Institute of Psychiatry).

SHORT COURSES

for

CONSULTANTS AND SENIOR REGISTRARS

10th and 11th April, 1959—Practical Aural Surgery Class.

24th and 25th June, 1959—Modern methods of testing the auditory and vestibular systems.

26th and 27th June, 1959—Practical Aural Surgery Class.

NON-MEDICAL COURSES

1st April to 26th June, 1959—Training course for audiology technicians.

27th, 28th and 29th May, 1959—Hearing and mental assessment of the deaf child—for psychologists.

The number of entries is limited in each course. A detailed syllabus of any of the above can be obtained on application from the Secretary.

A further list of dates covering the remainder of the year will be issued in due course.

General Notes

THE INSTITUTE OF LARYNGOLOGY AND OTOLOGY

As there have been many more applications than places for the Course on the Deaf Child to be held in March, it has been decided to hold an additional course on May 12th, 13th and 14th, 1959.

Applications for this extra course should be sent to the Secretary without delay as there are only a limited number of places.

ROYAL SOCIETY OF MEDICINE SECTIONS OF LARYNGOLOGY AND OTOLOGY

SUMMER MEETING, 1959

The Summer Meeting of the combined sections of Otolology and Laryngology will be held on Thursday, July 16th and Friday, July 17th, in Derby.

These dates have been arranged so as to coincide with the combined British Medical Association and Canadian Medical Association meeting from July 18th to July 24th, 1959. It is hoped that any Canadians who are in this country at the time will take this opportunity of attending the combined meeting of the Sections and their presence would be very much welcomed.

UNIVERSITY OF BORDEAUX, FRANCE

(EAR, NOSE, THROAT DEPARTMENT)

Director: Professor Georges Portmann

OTOLOGICAL FUNCTIONAL MICRO-SURGERY POST-GRADUATE COURSE

Conducted by Michel Portmann, M.D., Associated Professor

A PRACTICAL course of surgical technics will be given from July 1st to 10th 1959, in English.

During this period every assistant attending the course will be enabled to watch surgical interventions in the theatre, to follow theoretical courses illustrated with films regarding the major technics, and to work on his own daily anatomical specimen with all the requisite material, including the binocular microscope.

The number of assistants is limited to 10.

Fees: \$100 (to be paid at the Faculty of Medicine in Bordeaux at the beginning of the course).

Applications should be sent to: Dr. Michel Portmann, 45 Cours Foch, Bordeaux.

General Notes

BRITISH ASSOCIATION OF OTOLARYNGOLOGISTS POLIOMYELITIS INOCULATION AND THE REMOVAL OF TONSILS AND ADENOIDS

The Council recommends that children should be inoculated against poliomyelitis before the removal of tonsils and adenoids. As a safeguard the ear, nose and throat specialist should ascertain from the parent whether the child has received its second inoculation.

It is appreciated that no direct pressure can be brought to bear on parents if they do not wish to have their child inoculated and they can only be warned of the possible risks.

POST-TONSILLECTOMY COMFORT

Immediate pain relief—Speedier Convalescence

The pain of traumatized tissues following tonsillectomy, demands its own relief—and points the need for analgesia that quickly reaches the irritated area.

ASPERGUM provides 'salivary analgesia' through the simple act of chewing—it brings pain-relieving acetylsalicylic acid into *intimate* and *prolonged* contact with the tonsillar

region, seldom reached even intermittently by gargling. The rhythmic stimulation of muscular action also aids in relieving local spasticity & stiffness: more rapid tissue repair is promoted. Each pleasantly flavoured chewing gum tablet provides $3\frac{1}{2}$ grains acetylsalicylic acid, permitting frequent use. Particularly suitable for children.

Aspergum (Category 3)

for more than two decades a dependable and welcome aid to patient-comfort

Ethically promoted in packages of 16 tablets and moisture proof bottles of 36 and 250
