The first computer-controlled SEM below \$50,000.

Compact ABT-32 with computer control.

Don't get stung buying SEMs.

We challenge you to find better value anywhere than Topcon.

From the under \$50,000 ABT-32 to the versatile SM-720, every TOPCON SEM offers more features, capabilities and ease-of-use for the money.

TOPCON SEMs provide all the important computer benefits: Windows® environment. Bright, clear tv-rate images. Frame averaging, up to 128 frames. Image processing, 2048 x 2048 resolution. Image and SEM setup file archiving.

Windows is a registered trademark of Microsoft Corp.

Then there are the dual controls. Computer or SEM console. We left the manual controls in place for reliability. But we know a lot of people still like to twist those knobs!

New 10 Year Warranty!

Look all you want for SEMs. But don't stop until you've seen TOPCON. For product specifications and full warranty information, call us at 800-538-6850. Or write: TOPCON Technologies 6940 Koll Center Parkway, Pleasanton, CA 94566 USA.
