Offering Online Scholarship

Scholarship is central to APSA membership. Current and recent back issues of all three APSA journals are available online to members through Cambridge Journals Online. Members can also gain access to the full historical collection through JSTOR subscriptions.

Creating Networks and Connecting Scholars

APSA strives to provide valuable opportunities for members to network with colleagues, share ideas, and form relationships to drive their careers. Organized Sections provide an outlet for specialized scholarship and networking through APSA Connect. APSA Connect is APSA's connected community that creates a secure private community platform that empowers members to create, manage, and engage online communities. It is designed to improve engagement, promote information sharing, increase collaboration, and provide a forum for innovation. Members also receive discounts for APSA conferences—the Teaching and Learning Conference, Conference for Chairs, and the Annual Meeting—as well as access to the association's many Organized Sections.

Providing Career and Employment Resources

APSA eJobs is the most comprehensive online resource of political science employment opportunities and job candidates. It is fully searchable and updated daily with new job listings and candidate resumes. The eJobs placement service at the Annual Meeting brings employers and candidates together in person to facilitate the hiring process.

Supporting Political Science Research

The Centennial Center for Political Science & Public Affairs, located at APSA's headquarters building, provides office space for scholars and students conducting field work in Washington, D.C. Through the Center, APSA also offers a number of research grant opportunities for scholars working in various subfields.
