

The
**AERONAUTICAL
JOURNAL**

ICAS 2000 special issue – part two

Volume 104, Number 1040

October 2000

Aims and scope

The aims and scope of *The Aeronautical Journal* are intended to reflect the objectives of the Royal Aeronautical Society as expressed in its Charter of Incorporation. Briefly, these are to encourage and foster the advancement of all aspects of aeronautical and space science. Thus the topics of the *Journal* include most of those covered by the various Specialist Groups of the Society, which are: aerodynamics, air law, air transport, airworthiness and maintenance, aviation medicine, avionics and systems, flight operations, flight simulation, guided flight, human factors, human powered flight, light aviation, management studies, propulsion, rotorcraft, space, structures and materials, systems and test procedures.

Papers are therefore solicited on all aspects of research, design and development, construction and operation of aircraft and space vehicles. Papers are also welcomed which review, comprehensively, the results of recent research developments in any of the above topics.

Editorial Advisory Committee

Chairman: Prof Peter Bearman

Editor: Prof John Stollery

Aerodynamics

Tony Cross Manager — Aerodynamic Technology
BAE Systems

Avionics/Simulation

Prof David Allerton Head, Department of Avionics, College of
Aeronautics, Cranfield University

Materials

Dr Mike Hicks Head of Materials, Rolls-Royce Aerospace

Propulsion

Dr Peter Stow Head of Aerothermal Methods,
Rolls-Royce Aerospace Group

Rotorcraft

Alan Vincent Head of Engineering, GKN Westland
Dr Gareth Padfield James Bibby Professorship, Aerospace
Engineering, University of Liverpool

Space

Roy Gibson Consultant (Former Director General of
the European Space Agency)

Structures

Prof Glyn Davies Senior Research Fellow, Department of
Aeronautics, Imperial College, London

Systems

Prof Donald McLean Professor of Flight Control, Department of
Aeronautics and Astronautics,
University of Southampton

Testing

Dr Graham Coleman Chief Scientist (Aircraft Systems),
DERA Farnborough

Subscriptions

Submissions

To submit a paper to *The Aeronautical Journal*, THREE printed manuscripts along with high quality figures (see Guidelines for Authors, p 452) should be sent to the Editor at

John Stollery
Royal Aeronautical Society
4 Hamilton Place
London
W1J 7BQ
United Kingdom

For further advice on submitting papers to *The Aeronautical Journal*, please refer to the Guidance for Authors on page 452. If previously agreed with the editorial staff, it may be possible to supply a paper in a different format.

The Royal Aeronautical Society reserves the right to reject a paper which is not submitted in the required manner.

Contents

Volume 104, Number 1040

Reproduction of any of the papers published in this journal is not permitted without the written consent of the Editor.
