RECENT PUBLICATIONS

HOOKWORM DISEASE: Current Status and New Directions

Edited by **G. A. Schad** and
K.S. Warren

This book arising out of the symposium held in Bellagio, Italy, in September 1988 brought together experts from around the world to discuss the current worldwide status of hookworm disease.

ISBN 0-85066-762-3 **451pp**
November 1990 **Cloth £60.00**

PARASITIC NEMATODES: Antigens, Membranes and Genes

Edited by **Malcolm W. Kennedy**

This book reviews recent studies on immunological mechanisms and host/parasite membrane relationships, working towards better pharmacological control. It will be a valuable source to postgraduate students researching related areas.

ISBN 0-85066-772-0 **c250pp**
Cloth c£30.00

PARASITISM AND HOST BEHAVIOUR

Edited **C. J. Barnard**
and **J. M. Behnke**

This book brings together recent work across the disciplines of Parasitology and Animal Behaviour which reveals the fundamental role of parasitism in the evolution of behaviour.

ISBN 0-85066-498-5
343pp August 1990
Cloth £45.00

NEW FOR 1991

Due May 1991

Continued from back cover

Horemans, A. M. C., Tielens, A. G. M. and Van Den Bergh, S. G. The transition from an aerobic to an anaerobic energy metabolism in transforming <i>Schistosoma mansoni</i> cercariae occurs exclusively in the head	259
Tielens, A. G. M., Van Der Meer, P., Van Den Heuvel, J. M. and Van Den Bergh, S. G. The enigmatic presence of all gluconeogenic enzymes in <i>Schistosoma mansoni</i> adults	267
Sithithaworn, P., Tesana, S., Pipitgool, V., Kaewkes, S., Pairojkul, C., Sripa, B., Paupairoj, A. and Thaiklar, K. Relationship between faecal egg count and worm burden of <i>Opisthorchis viverrini</i> in human autopsy cases	277
Elkins, D. B., Sithithaworn, P., Haswell-Elkins, M., Kaewkes, S., Awacharagan, P. and Wongratanacheewin, S. <i>Opisthorchis viverrini</i> : relationships between egg counts, worms recovered and antibody levels within an endemic community in Northeast Thailand	283
Bates, R. M. and Kennedy, C. R. Potential interactions between <i>Acanthocephalus anguillae</i> and <i>Pomphorhynchus laevis</i> in their natural hosts chub, <i>Leuciscus cephalus</i> and the European eel, <i>Anguilla anguilla</i>	289
Aumann, J. Effect of the sulphhydryl reagent, mersalyl acid, on sex pheromone reception by <i>Heterodera schachtii</i> (Nematoda: Heteroderidae) males	299
Abad, P., Tares, S., Brugier, N. and De Guiran, G. Characterization of the relationships in the pinewood nematode species complex (PWNSC) (<i>Bursaphelenchus</i> spp.) using a heterologous <i>unc-22</i> DNA probe from <i>Caenorhabditis elegans</i>	303
Maule, A. G., Shaw, C., Halton, D. W., Thim, L., Johnston, C. F., Fairweather, I. and Buchanan, K. D. Neuropeptide F: a novel parasitic flatworm regulatory peptide from <i>Moniezia expansa</i> (Cestoda: Cyclophyllidea)	309

Parasitology

Back volumes. Vols. 1–71: Inquiries should be addressed to Wm. Dawson & Sons Ltd, Cannon House, Folkestone, Kent. Vols. 72 onwards: quotations for parts still in print may be obtained from Cambridge or the American Branch of Cambridge University Press.

Copying. This journal is registered with the Copyright Clearance Center, 27 Congress Street, Salem, Mass. 01970. Organizations in the USA who are also registered with C.C.C. may therefore copy material (beyond the limits permitted by sections 107 and 108 of US copyright law) subject to payment to C.C.C. of the per-copy fee of \$5.00. This consent does not extend to multiple copying for promotional or commercial purposes. Code 0031-1820/91 \$5.00+.00.

ISI Tear Sheet Service. 3051 Market Street, Philadelphia, Pennsylvania 19104, USA, is authorized to supply single copies of separate articles for private use only.

For all other use, permission should be sought from Cambridge or the American Branch of Cambridge University Press.

Claims for missing issues can only be considered if made immediately after receipt of the subsequent issue.

Advertising. Details of advertising in *Parasitology* may be obtained from the publisher.
