

BALLADS AND FOLKSONGS

From an historical point of view, ballads and folksongs are valid records of the feelings, usages, and modes of life of a particular people at a particular time. Most of these works were widely acclaimed at the time of their original publication; today, they will have wide audience appeal among the growing number of persons who have become cognizant of the original, simple, and elemental forms of the traditional ballad and song.

Early Ballads Illustrative of History, Traditions, and Customs; Also Ballads and Songs of the Peasantry of England Taken Down from Oral Recitation and Transcribed from Private Manuscripts, Rare Broad-sides, and Scarce Publications

by Robert Bell

Approaches to Literature:
A GUIDE TO THINKING AND WRITING

By LEE T. LEMON, University of Nebraska. For literature courses at the Freshman and Sophomore level, this book examines the relation of criticism to literature and provides an introduction to the methods and the writing of literary criticism. Through the study of five works, the author elucidates major approaches to literature. Critical techniques used in one or another of these approaches are examined and applied.

Elements of Fiction

By ROBERT SCHOLES, University of Iowa. For use in introductory courses, this short book presents basic concepts for the analysis and interpretation of fiction. Beginning with several chapters on the nature of fiction, the author then considers its various elements. Three stories are included: Guy de Maupassant's *Moonlight*; James Joyce's *Clay*; and J. L. Borges' *The Theme of the Traitor and the Hero*, each with commentary by the author.

Elements of Poetry

By ROBERT SCHOLES. The author, in this brief but lucid introduction, explores the nature of poetry in terms of three basic qualities: its expressiveness, its use of linguistic manipulation, and its relation to music. Chapters on Drama and Narration, Description and Meditation; discussions on the basic and more sophisticated types of metaphoric and ironic language; and a section on metrics are included. The final section, *Approaching a Poem*, provides five practical steps to the reading and understanding of a poem.
