The Cambridge History of Ancient China

From the Origins of Civilization to 221 BC

Michael Loewe and Edward L. Shaughnessy

Authoritative survey of the cultural history of pre-imperial China. Fourteen leading specialists, both historians and archeologists, cover the Shang, Western Zhou, Spring and Autumn, and Warring States periods, the Neolithic background, language, intellectual history, relations with Central Asia, and the debts of both the Qin and Han empires to these earlier time-periods. There are chapters on institutional history, based on both traditional and palaeographic literature, and on material culture, based on archaeological evidence.

The Temple of Memories

History, Power, and Morality in a Chinese Village

Jun Jing

This account of the struggle of a devastated community to resurrect its heritage, and thereby itself, gives us a vivid understanding of the complex interactions between memory, history, and religion.

£9.95 PB 0 8047 2757 0 230pp

Social Power and Legal Culture

Litigation Masters in Late Imperial China

Melissa Macauley

Social analysis of the men who composed legal documents. Arguably, they were powermongers who acted in the interests of the local male élite. But subordinate characters also had recourse to the law. This study shows how the law was transformed into a weapon of social resistance.

Modern Chinese

History and Sociolinguistics

Ping Chen

The Chinese language has undergone drastic changes over the past century. This book presents a comprehensive account of the development of Modern Chinese from the late nineteenth century to the 1990s, describing the establishment of Modern Spoken Chinese and Modern Written Chinese, and the reform of the Chinese script.

Mighty Opposites

From Dichotomies to Differences in the Comparative Study of China

Longxi Zhang

The author examines the discrepancies between Western representations of China and the reality of China; inquires into the cultural, historical, and political contexts within which such discrepancies arise; and points out the distortion of reality in the tendency to view China as the conceptual opposite of the West.

Streetlife China

Transforming Culture, Rights and Markets

Michael Dutton

This imaginative collection of pieces about life in contemporary China reveals a patchwork picture of the lives of ordinary people and the rules and rituals that govern their daily existence. There is no better introduction to the discourses of contemporary China, and few more stimulating accounts of shifts in cultural life.

Lianda

A Chinese University in War and Revolution

John Israel

Lianda is the story of a university. Its students and staff endured extraordinary difficulties to pursue their vision; Lianda's wartime saga crystallized the experience of a generation of intellectuals, beginning with epic journeys, followed by years of privation and endurance, and concluding with politicization, polarization, and radicalization.
