Support the Association that Supports Philosophers

As one of the oldest and largest philosophical associations in the world, the American Philosophical Association supports the professional development of philosophers at all levels and works to foster greater understanding and appreciation of the value of philosophical inquiry.

The APA provides support to the profession in five main areas:

- **Teaching:** Supporting instructional needs and analyzing trends from pre-college to the graduate level
- **Scholarship:** Publishing journals and newsletters, hosting divisional meetings, and providing grants, prizes, and awards
- **Diversity:** Working to increase the presence and participation of members of underrepresented groups in philosophy
- **Career Development:** Providing job listings, resources, and networking opportunities, and promoting equitable and inclusive hiring practices
- **Advocacy:** Defending the professional rights of all philosophers, promoting public interest in philosophy, and providing a philosophical voice on public issues

By providing a tax-deductible contribution, you can impact a broad range of activities that support philosophers everywhere.

Give today.
