

# The Journal of General Microbiology

Editors: B. C. J. G. KNIGHT and A. F. B. STANDFAST

Vol. 9, No. 3

Contents

December 1953

**Bergersen, F. J.** Cytological changes induced in *Bacterium coli* by chloramphenicol. **Vincent, J. M. and Waters, L. M.** The influence of the host on competition amongst clover root-nodule bacteria. **Rainbow, C. and Mitson, G. W.** Nutritional requirements of acetic acid bacteria. **Adam, K. M. G.** *In vivo* observations on the ciliate Protozoa inhabiting the large intestine of the horse. **Rolinson, G. N. and Lumb, M.** The oxidation of lard oil by *Penicillium chrysogenum*. **Work, E. and Dewey, D. L.** The distribution of L.E-diaminopimelic acid in various micro-organisms. **Stocker, B. A. D., Zinder, N. D. and Lederberg, J.** Transduction of flagella characters in Salmonella. **Conner, R. L., Wagtendonk, W. J. van and Miller, C. A.** The isolation of a growth factor of steroid nature from lemon juice required for the growth of a strain of *Paramecium aurelia*. **Postgate, J. R.** On the nutrition of *Desulphovibrio desulphuricans*: A correction. **Dewey, V. C. and Kidder, G. W.** Factors affecting the requirements of *Tetrahymena pyriformis* (Geleii) for folic acid. **Fend, A. V. and Schulman, J. H.** The absorption of polymyxin E by bacteria and bacterial cell walls, and its bactericidal action. **Kassanis, B.** Some effects of sucrose and phosphorus in increasing the multiplication of tobacco mosaic virus in detached tobacco leaves. **Record, B. R. and Taylor, R.** Some factors influencing the survival of *Bacterium coli* on freeze-drying. **Baker, H., Sobotka, H. and Hutner, S. H.** Growth requirements of some thermophilic and mesophilic bacilli. **Lindgren, C. C. and Pittman, D. D.** The induction in *Saccharomyces* of the gene mutation controlling utilization of galactose by exposure to galactose. **Salton, M. R. J.** Cell structure and the enzymic lysis of bacteria. **Lowbury, E. J. L. and Hood, A. M.** The acquired resistance of *Staphylococcus aureus* to bacteriophage. **Nimmo-Smith, R. H. and Brown, D. J.** Some effects of 2-Deaminopteroylglutamic acid upon bacterial growth.

*The subscription rate is 90s. net per volume of 3 parts, Single parts 35s. each, plus postage. Two volumes will be issued each year. Orders should be sent to*

# The Quarterly Journal of Medicine

Edited by W. RUSSELL BRAIN, CRIGHTON BRAMWELL, W. D. W. BROOKS,  
D. M. DUNLOP, H. L. MARRIOTT, ROBERT PLATT

## CONTENTS

NEW SERIES. VOL. XXII. No. 88. OCTOBER 1953

(Vol. XLVI of the continuous series)

**The Effects of General Anaesthesia, and Hexamethonium, on the Blood-sugar in Non-diabetic and Diabetic Surgical Patients.** By J. A. GRIFFITHS.

**The Haematological and Nutritional Effects of Gastric Operations.** By J. BLAKE and P. A. RECHNITZER.

**The Effect of Diet and Regular Living Conditions on the Natural History of Peptic Ulcer.** By JAMES W. RAE and R. S. ALLISON.

**Systemic Lupus Erythematosus: A Clinical and Pathological Study.** By STEPHEN C. GOLD and N. F. C. GOWING. With Plates 30 to 33.

**Disturbances of Aminoacid Metabolism following Liver Injury.** By J. M. WALSHE. With Plates 34 to 36.

**Proceedings of the Association of Physicians of Great Britain and Ireland, 1953: Forty-Seventh Annual General Meeting.**

Single Numbers 12s. 6d. net each      Subscription 40s. per annum

# CONTENTS

(All rights reserved)

	PAGE
DAVIS, D. H. S. Plague in South Africa: a study of the epizootic cycle in gerbils ( <i>Tatera brantsi</i> ) in the northern Orange Free State. (With Plates 10 and 11 and 3 Figures in the Text) . . . . .	427
HOLMES, MARGARET C. and RUBBO, SYDNEY D. A study of rheumatic fever and streptococcal infection in different social groups in Melbourne . . . . .	450
ALLEN, L. A., PIERCE, MARGARET A. F. and SMITH, HAZEL M. Enumeration of <i>Streptococcus faecalis</i> , with particular reference to polluted waters. (With 2 Figures in the Text) . . . . .	458
CHILDS, EILEEN and ALLEN, L. A. Improved methods for determining the most probable number of <i>Bacterium coli</i> and of <i>Streptococcus faecalis</i> . (With 3 Figures in the Text) . . . . .	468
HEDQVIST, T. Toxoplasma infection at different ages, studied by the skin-test method . . . . .	478
BARNETT, S. A. and BATHARD, A. H. Population dynamics of sewer rats. (With Plates 12 and 13 and 3 Figures in the Text) . . . . .	483
BELYAVIN, G. Influenza complement-fixation. A simple quantitative micro-method. (With 7 Figures in the Text) . . . . .	492
LESLIE, R. Evaluation of methods of applying oil to bedclothes and practical application of the selected method . . . . .	502
COOMBS, A. M. and COOMBS, R. R. A. The conglutination phenomenon. IX. The production of immuno-conglutinin in rabbits. (With 9 Figures in the Text) . . . . .	509
GEORGE, T. C. R., HARVEY, R. W. S. and THOMSON, SCOTT. The measurement of the duration of infection in paratyphoid fever. (With 1 Figure in the Text) . . . . .	532
JACOBY, F. and MARKS, J. On the tuberculin sensitivity of epithelial cells <i>in vitro</i> . (With Plates 14 and 15) . . . . .	541
HENDERSON, W. M. and GALLOWAY, IAN A. The use of culture virus in the preparation of foot-and-mouth disease vaccine. (With 3 Figures in the Text) . . . . .	546
THE PUBLIC HEALTH LABORATORY SERVICE WATER SUB-COMMITTEE. The effect of storage on the coliform and <i>Bacterium coli</i> counts of water samples. Storage for six hours at room and refrigerator temperatures . . . . .	559
THE PUBLIC HEALTH LABORATORY SERVICE WATER SUB-COMMITTEE. The effect of sodium thiosulphate on the coliform and <i>Bacterium coli</i> counts of non-chlorinated water samples . . . . .	572

*The Journal of Hygiene* is issued in four parts to a volume.

Quotations can be given for back volumes on application.

Papers for publication should be sent to Professor E. T. C. SPOONER, London School of Hygiene and Tropical Medicine, Keppel Street, Gower Street, London, W.C. 1. Other communications should be addressed to the University Press, Cambridge.

Papers forwarded to the Editor for publication are understood to be offered to *The Journal of Hygiene* alone, unless the contrary is stated.

Contributors receive fifty copies of their paper free. Additional copies may be had at cost price: these should be ordered when the final proof is returned.

The subscription price is £4 per volume (post-free), payable in advance; single numbers 22s. 6d. net. Subscriptions may be sent to any Bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1.

The subscription price in the U.S.A., is \$13.50. Single parts \$3.75. Enquiries should be addressed to the American Branch of the Press at 32 East 57th Street, New York, 22.
