## FOREWORD

Hitherto it has been the practice to publish a 'Report of Proceedings' for each meeting, usually as a separate publication. With this issue of the 'Proceedings' a change has been made in the style and date of publication. In future, it is proposed to publish the Proceedings annually, covering the papers and discussions at the meetings held during the previous year. Thus this issue deals with the 13th and 14th meetings which were held during 1950. It is hoped to be able to issue future volumes about the time of the annual Winter Meeting of the Society (February/March).

Attention is also drawn to certain new features, including a list of members with their addresses, and the constitution of the Society.

The Editorship of these Proceedings has been entrusted to Mr. I. L. Mason who has carried out the task with great care and skill and to whom the Committee extends its thanks.

A. R. WANNOP,  
President, 1951.

A group of members outside the University Department of Agriculture, George Square, Edinburgh
