Universities Federation for Animal Welfare

The Universities Federation for Animal Welfare

UFAW, founded in 1926, is an internationally recognised, independent, scientific and educational animal welfare charity concerned with promoting high standards of welfare for farm, companion, laboratory and captive wild animals, and for those animals with which we interact in the wild. It works to improve animals' lives by:

- Promoting and supporting developments in the science and technology that underpin advances in animal welfare
- Promoting education in animal care and welfare
- Providing information, organising meetings, and publishing books, videos, articles, technical reports and the journal Animal Welfare
- Providing expert advice to government departments and other bodies and helping to draft and amend laws and guidelines
- Enlisting the energies of animal keepers, scientists, veterinarians, lawyers and others who care about animals

"Improvements in the care of animals are not now likely to come of their own accord, merely by wishing them: there must be research ... and it is in sponsoring research of this kind, and making its results widely known, that UFAW performs one of its most valuable services." Sir Peter Medawar CBE FRS, 8th May 1957

Nobel Laureate (1960), Chairman of the UFAW Scientific Advisory Committee (1951–1962)

For further information about UFAW and about how you can help to promote and support its work, please contact us at the address below.
