# Psychological Medicine

## Editors

Kenneth S. Kendler, Virginia Institute for Psychiatric Behavioral Genetics, Virginia, USA

Robin M. Murray, Institute of Psychiatry, London, UK

Now in its fifth decade of publication, *Psychological Medicine* is a leading international journal in the fields of psychiatry, clinical psychology and the related basic sciences. There are twelve issues per year, each featuring original articles reporting key research being undertaken worldwide, together with shorter editorials by distinguished scholars and an important book review section. The journal's success is clearly demonstrated by a consistently high Impact Factor.

# Irish Journal of Psychological Medicine

The official journal of College of Psychiatrists of Ireland

## Editor-in-Chief

Brendan Kelly, *University College Dublin, Ireland*

The *Irish Journal of Psychological Medicine* is the official research journal of the College of Psychiatry of Ireland. The journal's central objectives are: to disseminate the results of original scientific research to a national and international readership, to express the unique identity of Irish psychiatry, and to underscore the importance of cross-cultural differences in psychiatry.

The *Irish Journal of Psychological Medicine* publishes national and international research papers, editorials, review papers, case reports and book reviews.

# Acta Neuropsychiatrica

Published on behalf of the Scandinavian College of  
Neuropsychopharmacology (SCNP)

## Editor-in-Chief

Gregers Wegener, Aarhus University, Denmark

*Acta Neuropsychiatrica* is an international journal that publishes translational high-quality research papers in neuropharmacology neuropsychiatry and neuroscience. The journal provides a forum for original basic and clinical research from disciplines and research areas relevant to the pathophysiology, neurobiology, and treatment of neuropsychiatric disorders.

*Acta Neuropsychiatrica* provides its readership with the latest perspectives from current and emerging fields of psychiatry, neurology, pharmacology, genetics and neuroimaging. Such research may derive from the full spectrum of biological and psychological fields of inquiry encompassing classical and novel techniques/strategies. Emphasis will be given to translational original research that is of wide interest and clearly advances the field.

*Acta Neuropsychiatrica* welcomes Full-length Original Research Articles, Short Communications, Perspectives, as well as Review Articles. Debate is encouraged in the form of Letters to the Editor. All articles published in *Acta Neuropsychiatrica* undergo peer review.

## The International Journal of Neuropsychopharmacology

The official scientific journal of the International College of Neuropsychopharmacology (CINP)

### Editor-in-Chief

Alan Frazer, University of Texas Health Science Centre, San Antonio, USA

*The International Journal of Neuropsychopharmacology (IJNP)* serves as a major forum for the rapid publication and dissemination of high-quality research in neuropsychopharmacology. The focus of the journal is on research which advances understanding of existing and new neuropsychopharmacological agents, including their mode of action and clinical application, or which provides insights into the biological basis of neuropsychiatric disorders and thereby advances their pharmacological treatment.

## INSTRUCTIONS FOR CONTRIBUTORS

**SCOPE** Epidemiology and Psychiatric Sciences (EPS) is an international, peer-reviewed journal providing updated data and scientific information to epidemiologists, psychiatrists, psychologists, statisticians and other research and mental health workers primarily concerned with public health and epidemiological and social psychiatry. Priority is given to original research and systematic reviews about mental health service research, aimed to improve the quality of everyday practice. EPS is published quarterly (in March, June, September and December).

A full instructions to authors is available at: <http://journals.cambridge.org/eps>

### EDITORIAL POLICY

EPS publishes the following article types:

- Editorials in this Issue
- Editorials
- Special Articles
- Original Articles
- Letters

The Editor will also consider Methodological Contributions, Systematic Reviews and Meta-analyses.

The following Sections may also appear in the journal:

- Contemporary Outsider Art
- Epidemiology for Clinical Psychopharmacology
- Epidemiology for Behavioural Neurosciences
- Instruments

All submissions must be in English.

All submissions require the following statements: Acknowledgements, Financial Support, Conflict of Interest, Ethical Standards. Full details can be found on the EPS website <[journals.cambridge.org/eps](http://journals.cambridge.org/eps)>

All contributions are accepted for publication after external peer review.

### SUBMISSION OF MANUSCRIPTS

All papers submitted for publication should be addressed to the Editor in Chief and submitted on line using ScholarOne:

#### Professor Michele Tansella

Department of Public Health and Community Medicine,  
University of Verona  
[michele.tansella@univr.it](mailto:michele.tansella@univr.it)

Please ensure that you copy Associate Editor, Professor Corrado Barbui into your submission:

#### Professor Corrado Barbui

Department of Public Health and Community Medicine,  
University of Verona  
[corrado.barbui@univr.it](mailto:corrado.barbui@univr.it)

Submission of a paper will be held to imply that contains original work that has not been previously published and that it is not being submitted for publication elsewhere.

- All submissions must follow the style guide for submissions available in the full author instruction guide available online.
- If you require any further guidance on creating suitable electronic figures, please visit [http://dx.sheridan.com/guidelines/digital\\_art.html](http://dx.sheridan.com/guidelines/digital_art.html). Here you will find extensive guidelines on preparing electronic figures and also have access to an online preflighting tool where you can check if your figures are suitable for reproduction.

**PROOFS AND OFFPRINTS** Page proofs will be sent to the author designated to receive correspondence. Corrections other than to printer's errors may be charged to the author. All papers are published in their final version in the *FirstView* page of EPS before being printed. A final PDF will be sent to the corresponding author when the article is published.

Detailed instructions for authors can be found on the EPS website <[journals.cambridge.org/eps](http://journals.cambridge.org/eps)>

## CONTENTS

### EDITORIALS IN THIS ISSUE, DECEMBER 2014

- Technology and behavioural health: an implementation challenge**  
Drake R. E., Bajraktari I. & Tansella M. 313

### EDITORIALS

- Technology-based interventions for psychiatric illnesses: Improving care, one patient at a time**  
Ben-Zeev D. 317

- Technology-based interventions in health care**  
Kane J. M. 323

### CONTEMPORARY OUTSIDER ART

- Jungle Phillips' Total art**  
Rhodes C. 327

### EPIDEMIOLOGY FOR CLINICAL PSYCHOPHARMACOLOGY

- Antidepressant dose and the risk of deliberate self-harm**  
Barbui C. & Patten S. 329

### EPIDEMIOLOGY FOR BEHAVIOURAL NEUROSCIENCES

- Basal ganglia anatomy and schizophrenia: the role of antipsychotic treatment**  
Zampieri E., Bellani M., Crespo-Facorro B. & Brambilla P. 333

### SPECIAL ARTICLE

- Community psychiatry's achievements**  
Burns T. 337

### COMMENTARIES

- Many miles made, and a long way to go**  
Becker T. & Rüsck N. 345

- The achievements of community psychiatry – a commentary and some reflections from Australia**  
Meadows G. N. 349

### ORIGINAL ARTICLES

- Individualisation in crisis planning for people with psychotic disorders**  
Farrelly S., Szmukler G., Henderson C., Birchwood M., Marshall M., Waheed W., Finney C. & Thornicroft G. 353

- Systematic review and meta-analysis of psychiatric disorder and the perpetration of partner violence**  
Oram S., Trevillion K., Khalifeh H., Feder G. & Howard L. M. 361

- A conceptual framework for improving well-being in people with a diagnosis of psychosis**  
Schrank B., Riches S., Bird V., Murray J., Tylee A. & Slade M. 377

- Delusional belief flexibility and informal caregiving relationships in psychosis: a potential cognitive route for the protective effect of social support.**  
Jolley S., Ferner H., Bebbington P., Garety P., Dunn G., Freeman D., Fowler D. & Kuipers E. 389

- Effect of the Serotonin Transporter gene and of environment on the continuity of anxiety and depression traits throughout adolescence**  
Nobile M., Greco A., Perna G., Colombo P., Bianchi V., Bellina M., Giorda R., Monzani D., Carlet O., Griez E. & Molteni M. 399
