

TRADE MARK **'SANDRIL'** BRAND
Reserpine

a pure crystalline alkaloid obtained from species of Rauwolfia.

- ... relieves mild to moderately severe labile hypertension.
- ... induces a state of mental quietude and relaxation. Is of great value to those patients who may be considered candidates for one of the common stress diseases, whether or not hypertension is present.

Tablets *Sandril* 0.25 mg. in bottles of 30 and 100.

Average dose:
2-6 tablets daily
