Epidemiology and Infection

Original reports and reviews on all aspects of
infection of man and animals

CONTENTS

Comment. Streptococcal infection in general practice Barnham, M.	177
Streptococcal pharyngitis in general practice. 1. Some unusual features of the epidemiology Higgins, P. M.	181
Streptococcal pharyngitis in general practice. 2. A note on dual infection and transient urinary abnormalities Higgins, P. M.	191
Splenomegaly in acute infections due to group A streptococci and viruses Higgins, P. M.	199
A one-year study of streptococcal infections and their complications among Ethiopian children Tewodros, W., Muhe, L., Daniel, E., Schalén, C. and Kronvall, G.	211
Phylogenetic and epidemiological analysis of <i>Neisseria meningitidis</i> using DNA probes Ni, H., Knight, A. I., Cartwright, K. A. V. and McFadden, J. J.	227
Transmission of <i>Neisseria meningitidis</i> among asymptomatic military recruits and antibody analysis Caugant, D. A., Høiby, E. A., Rosenqvist, E., Frøholm, L. O. and Selander, R. K.	241
The serological grouping system for <i>Serpulina (Treponema) hyodysenteriae</i> Lau, T. T. A. and Hampson, D. J.	255
Concordance of auxotype/serovar classes of <i>Neisseria gonorrhoeae</i> between sexual contacts Ison, C. A., Whitaker, I. and Renton, A.	265
Molecular epidemiology of shigella infections in Israel Yavzori, M., Cohen, D. and Bercovier, H.	273
Virulence factors of enteric <i>Escherichia coli</i> in young Aboriginal children in north-west Australia Gunzburg, S. T., Chang, B. J., Burke, V. and Gracey, M.	283
Serological cross-reaction between <i>Legionella pneumophila</i> and campylobacter in the indirect fluorescent antibody test Boswell, T. C. J. and Kudesia, G.	291
Serological responses of chickens experimentally infected with <i>Salmonella enteritidis</i> PT4 by different routes Chart, H., Baskerville, A., Humphrey, T. J. and Rowe, B.	297
Identification of human and bovine rotavirus serotypes by polymerase chain reaction Taniguchi, K., Wakasugi, F., Pongsuwanna, Y., Urasawa, T., Ukae, S., Chiba, S. and Urasawa, S.	303
Book Review. Miasmas and Disease: Public Health and the Environment in the pre-industrial age	313
