# **Cuban Journal of Agricultural Science**

Cuban Journal of Agricultural Science is an international journal published since 1967 in both Spanish and English. Edited by the Institute of Animal Science, it brings together the diverse aspects of animal nutrition and genetics, and pasture and forage production in one publication. Topics covered include:

- Animal nutrition
- Beef production
- Pig production
- Biochemistry
- Weeds & pests

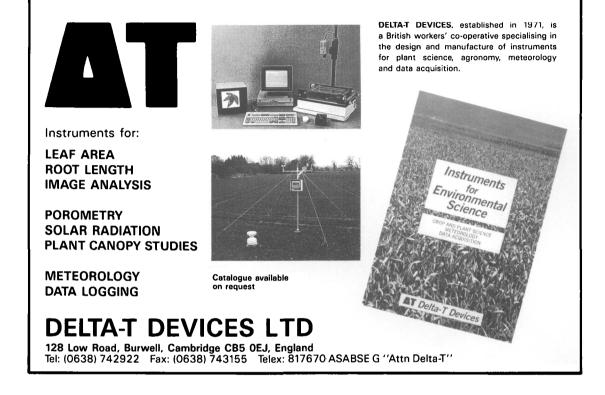

- Milk production
- Poultry production
- Animal genetics
- Biometrics
- Pasture conservation Pasture establishment
  - Soils & fertilizers
- Pasture & physiology Management & mechanization

# The abstracts or table of contents are published in:

Indice Agricola de América Latina y el Caribe (Costa Rica), ASRPI (USSR), Dairy Science Abstracts, Soils and Fertilizers, Nutrition Abstracts and Reviews, Plant Breeding Abstracts, Herbage Abstracts, Animal Breeding Abstracts, Current Research on Pigs (Great Britain), Current Contents, Ulrich's International Periodicals Directory, Bioscience Information Service of Biological Abstracts, Cambridge Scientific Abstracts, UMI Clearinghouse (USA, Agri Contact, Denmark), Periodica - CICH-UNAM (México, Spanish edition).

Publication: Three times a year in March, July and November.

Price: 23 US\$ (Spanish ed.), 30 US\$ (English ed.). Cheques are accepted in any convertible currency other than US dollars or against agencies of the Northamerican Banking System, converting the stated amount to its equivalent in Sterling, Mexican Pesos or Canadian dollars.
