We specialize in economic literature including both the history of economics and economic history. We deal in books of all periods to about 1950, including rare books, first editions and fine scholarship in original or out-of-print editions.

We issue a variety of catalogues which are free upon request. It is important that you specify the type of book, periods, etc., that interest you.

We are regular and eager buyers of quality material, whether it be a single item of importance or an entire library. Your offers will receive careful and prompt attention.
