TRANSNATIONAL ENVIRONMENTAL LAW

*Transnational Environmental Law (TEL)* is a peer-reviewed journal that will be launched by Cambridge University Press in 2012. TEL is dedicated to the study of environmental law and governance beyond the state. It approaches legal and regulatory developments with an interest in the contribution of non-state actors and an awareness of the multi-level governance context in which contemporary environmental law unfolds.

*TEL* warmly invites new work on topics within the scope of the journal from scholars, lawyers and professionals active in fields related to environmental law and governance.

# The Cambridge Law Journal

## Editor

John Bell *University of Cambridge, UK*

*The Cambridge Law Journal* publishes articles on all aspects of law. Special emphasis is placed on contemporary developments, but the journal's range includes jurisprudence and legal history. An important feature of the journal is the Case and Comment section, in which members of the Cambridge Law Faculty and other distinguished contributors analyse recent judicial decisions, new legislation and current law reform proposals. The articles and case notes are designed to have the widest appeal to those interested in the law – whether as practitioners, students, teachers, judges or administrators – and to provide an opportunity for them to keep abreast of new ideas and the progress of legal reform. Each issue also contains an extensive section of book reviews.
