# GRADUATE DRAMA AT NYU'S SCHOOL OF THE ARTS

We don't take a literary approach. We study the play on stage; our emphasis is the history and theory of performance itself. This makes our graduate program unlike any other.

Faculty members must be more than scholars. They must be involved in practical theatre. Like Michael Kirby, author of *Happenings*, *The Art of Time*, and *Futurist Performance*, who is also a playwright, director, and editor of *The Drama Review*. Brooks McNamara is a theatre set designer as well as author of *The American Playhouse in the Eighteenth Century* and *The Medicine Show*. Richard Schechner is the author of *Public Domain* and *Environmental Theatre*. He is the founder and co-director of the Performance Group. Theodore Hoffman, the co-author of *A Guide to Theatre Study*, is also a critic and a teacher of improvisation.

Our A.M. program covers the history of theatre, the history of acting, directing, physical theatre, and theatrical theory. Its focus is contemporary performance practice.

Our Ph.D. program emphasizes the specialties of the faculty. Courses are offered in such areas as History of Avant-

Garde Performance (Kirby), Popular Entertainments (McNamara), Ritual and Theatre (Schechner), and Theatrical Criticism (Hoffman).

All our students must have practical theatre experience (not necessarily at the professional level). We feel our ideas will be most useful to people who are interested in doing theatre rather than merely reading about it.

There is no better place to study drama than in the World York—the theatre capital of the world.

### The New Theatre

PERFORMANCE DOCUMENTATION

AN ANTHOLOGY  
EDITED BY MICHAEL KIRBY

FROM  
**The Drama Review**

THE NEW THEATRE attempts to recreate various theatrical experiences by documenting in words and photographs a wide range of recent experimental, or avant-garde performances from many different countries. Entirely reprinted from *The Drama Review*, the book includes drama, dance, and several productions—some related to Happenings—that would be difficult to classify. Among the documented performances are: Jerzy Grotowski's *Apocalypsis cum figuris* (Poland); Frederic Baal's *Real Reel* (Belgium); Ariane Mnouchkine's *1789* (France); Victor Garcia's *The Balcony* (Brazil); Georgij Paro's *Christopher Columbus* (Yugoslavia); Luca Ronconi's *XX* (Italy); Shuji Terayama's *Jashumon* (Japan); *The People Show 39* (England); Richard Foreman's *Sophia* (USA); and Robert Wilson's *The Life and Times of Joseph Stalin* (USA).

IS OFFERING AN ALTERNATIVE PROGRAM IN:

# EXPERIMENTAL THEATRE

The Department of Drama, Undergraduate, which offers a B.F.A. degree in acting, is pleased to announce the formation of the Experimental Theatre Wing. A limited number of students will have the opportunity to work intimately with four of New York's leading experimental theatre groups in a two-year program designed specifically for students who have already completed two years of foundation work with one of the three studios working with our Department: Stella Adler Conservatory, The Circle in the Square Theatre School, and the Lee Strasberg Theater Institute. The ETW is also open to students who have studied acting elsewhere and who wish to transfer into our Department. Students in the ETW will spend one semester with each of the following groups: The Performance Group (best known for *Dionysus in 69* and *The Tooth of Crime*), The Ridiculous Theatrical Company (specializing in commedia dell'arte techniques), Mabou Mines (recently featured in *Newsweek* for their highly acclaimed Beckett production), and Richard Foreman's Ontological-Hysteric Theatre (frequently featured in *The Drama Review*). Students will work in unique acting, voice, and movement workshops taught from each particular group's point of view. In the last semester a production, directed by Richard Foreman, will be performed by the students. In addition to studying with the four groups, students will take dramatic literature and history of performance courses offered through the Department.

## **THE THEATER EXPERIENCE**

**Edwin Wilson**, Hunter College  
1976, 384 pages, cloth \$10.95; paper \$7.95

The dynamic encounter between the creators and viewers of theater is at the heart of this introduction to the theater experience. Departing from traditional generic and historical approaches, this text focuses on theater as immediate, experiential art. It relates principles of theater creation and participation to the student's own experience, offers numerous examples from various plays and productions, and features over 100 photographs and illustrations tied directly to points made in the text.

**UR-DRAMA:**  
THE ORIGINS OF THEATRE  
—Ernest Theodore Kirby—

UR-DRAMA: The Origins of Theatre by E.T. Kirby presents a much needed comprehensive study of the origins of theatre based on recent anthropological data. As the origin of drama is one of the best-known and most widely discussed scholarly problems in the academic study of theatre, this new work is particularly significant since it is the first book to be devoted to a study of the relation between shamanism and theatre.

UR-DRAMA contradicts the common view of the origin of theatre as having been founded in fertility worship and organized in a seasonal pattern. E.T. Kirby proposes that shamanism rather than nature worship gave rise to most drama: not merely classical Greek drama but diverse forms in many parts of the world. He demonstrates how many of the world's most important theatre forms—ancient Greek drama, Sanskrit drama of India, Chinese classical drama, and Japanese noh drama—were developed from early shamanistic rituals, rather than fertility worship. In its entirety, UR-DRAMA presents a detailed, general theory of theatre's origins which should replace that of the *year-cycle*, to become the standard reference in the field.

## Shakespeare's Playhouse Practice

A Handbook by  
Warren D. Smith

It has long been known that the shape of the Elizabethan public playhouse, as well as the nature of its audiences, influenced the composition of Shakespeare's plays. Yet many students and others interested in staging the plays or increasing their understanding of the plays as theater do not know as much as they should about the specific playhouse conventions the dramatist adopted in adjusting his work to the physical aspects of his own stage. The present book explains, in readily understandable form, the functions of many stage devices Shakespeare employed, and the reasons why they were used.

Founded in 1971 by Samuel Avital, a Moroccan born to a Jewish family of Kabbalists. A place to explore and teach the basics of human expression through this medium, the ancient-new artform *MIME*.

It attracts and wish to work with persons who are willing to dedicate themselves with an ideal at heart, and who possess the joy of grasping the void, shaping it, and communicate it artistically, beyond labels, dogma, or name, while it is a growing experience for the individual, with this art of being and becoming, it hopes to serve those humans who are decided to work on the self through *MIME*.
