PRESCRIBE DeVilbiss

No. 15 ATOMIZER

For more than 45 years the medical profession has recognized the value of the DeVilbiss No. 15 Atomizer for applying sprayed solutions in prescribed self-treatment. The adjustable gold tip permits spraying in any direction, the vented nasal guard prevents excess pressure in the nasal cavities and the atomizer may be sterilized easily and rapidly by boiling or passing the tip through a flame. Dependable and certain in the hands of the patient, the DeVilbiss No. 15 applies the treatment you want gently and thoroughly—may we suggest that you mark "DeVilbiss Atomizer No. 15" on your prescription where its use is indicated.

AEROGRAPH Co. Ltd., 43 Holborn Viaduct, London, E.C.1. Sole distributors of DEVILBISS products in the United Kingdom. Telephone: Holborn 1257 and 1258

Ventilating Grooves prevent excess pressure in Nasal Cavities.

Adjustable gold tip for spraying in any direction.
