# What do you mean I'm *not* protected?

If you are in the habit of applying hand cream after using a Chlorhexidine Gluconate (CHG) handwash, you may actually be losing your protection! A recent study\* confirms that residual CHG can be neutralized by anionic hand creams.

Introducing.. **Lotion Soft@ Skin Conditioner**, a nonionic skin care lotion compatible with any CHG handwashing product. **Lotion Soft@ Skin Conditioner** contains emollients and moisturizers, which are soothing and last through several handwashes.

When you scrub with CHG for antimicrobial protection, you should be using a compatible product for skin conditioning. Try new **Lotion Soft@ Skin Conditioner**. It will not interfere with the cumulative effects of CHG.

Contact your local Calgon Vestal Healthcare Market Specialist or call toll-free 1-800-325-8005 to find out about new CHG compatible **Lotion Soft® Skin Conditioner**.

**Lotion Soft Skin Conditioner**

# Techni-Care<sup>TM</sup> Surgical Scrub

99.99% Bacterial Reduction  
in only 30 seconds

Techni-Care...A new technology in a surgical scrub exhibits outstanding antimicrobial efficacy *without* dermal irritation.

Fully substantiated by independent testing in vivo and in vitro, Techni-Care Surgical Scrub both disinfects and conditions *in less time than any prior technology available to healthcare personnel.*

Results of Time Kill tests demonstrate that Techni-Care eliminates gram negative and gram positive bacteria at 99.99% in 30 second contact.

## Outstanding Bactericidal Activity without skin irritation

Techni-Care's active ingredient, chloroxylenol (PCMX) at 3%, eliminates bacteria, while a host of skin conditioning agents work synergistically to condition and soften the skin. Exceptionally mild, Techni-Care's dermal conditioning ingredients, include cocamidopropyl PG-Dimonium Chloride Phosphate, Aloe Vera Gel, Collagen and Propylene Glycol.

Techni-Care has rated a "minimal irritation" in the Draize Dermal irritation test. Specially blended formulation for dermal conditioning, as well as for bacterial reduction. Techni-Care Surgical Scrub is soothing to dermal tissue while phospholipids promote natural turgor.

## Position Search Announcement for

### Chief Editor, Infection Control and *Hospital Epidemiology* The Official Journal of the Society for Hospital Epidemiology of America

With the decision of founding Chief Editor, Dr. Richard Wenzel, to move on to other activities, the President and Board of the Society for Hospital Epidemiology of America announce the formation of a Search Committee to review candidates and make a recommendation to the Publications Committee and the Board for a successor. All members of SHEA who might be interested in the editorship are urged to submit the following:

- 1) a copy of your CV and bibliography
- 2) a letter of no more than two pages containing:
  - your proposal on how to further strengthen and improve the journal
  - the potential for local editorial board support and the recruitment of a managing editor to work under your direction
  - your experience to date in journal editing or reviewing journal articles.

An annual budget is provided to help you accomplish your work. Send your letter and CV to:

Chair, Chief Editor Infection Control and  
Hospital Epidemiology Search Committee  
SHEA National Office  
875 Kings Highway  
Suite 200  
West Deptford NJ 08096

# 74% of plastic thermometer sheaths are perforated after use:.. significantly increasing the threat of infection.

Minimize this risk with the Tempa•DOT® Single-Use Clinical Thermometer System

**Sterile**— each Tempa•DOT Thermometer is used only once and discarded, minimizing the risk of passing harmful microorganisms from patient to patient.

1 William Valenti, MD, Kathleen Takacs, RN, MS, Infection Control and Clinical Thermometry Perforation of Soft Plastic Thermometer Sheaths During Temperature Measurement *American Journal of Infection Control*, February 1981; Vol. 9, No. 1, pp 1-5.

**Accurate**— innovative thermometric technology provides consistently exact readings. Proven on patients of all ages.

**Fast**— Tempa•DOT Thermometers give oral readings in just **60** seconds!

**Versatile and Economical**— suitable for oral, axillary and rectal use throughout the institution, no back-up system necessary. Costs no more than other systems.

For a free Tempa•DOT Thermometer trial, call 1-800-526-3538 (In New Jersey, call 908-526-1222)

**Tempa•DOT®**
